

## STEP 1

Tap ***Install*** to download AdTranquility Spam Protection app on your phone

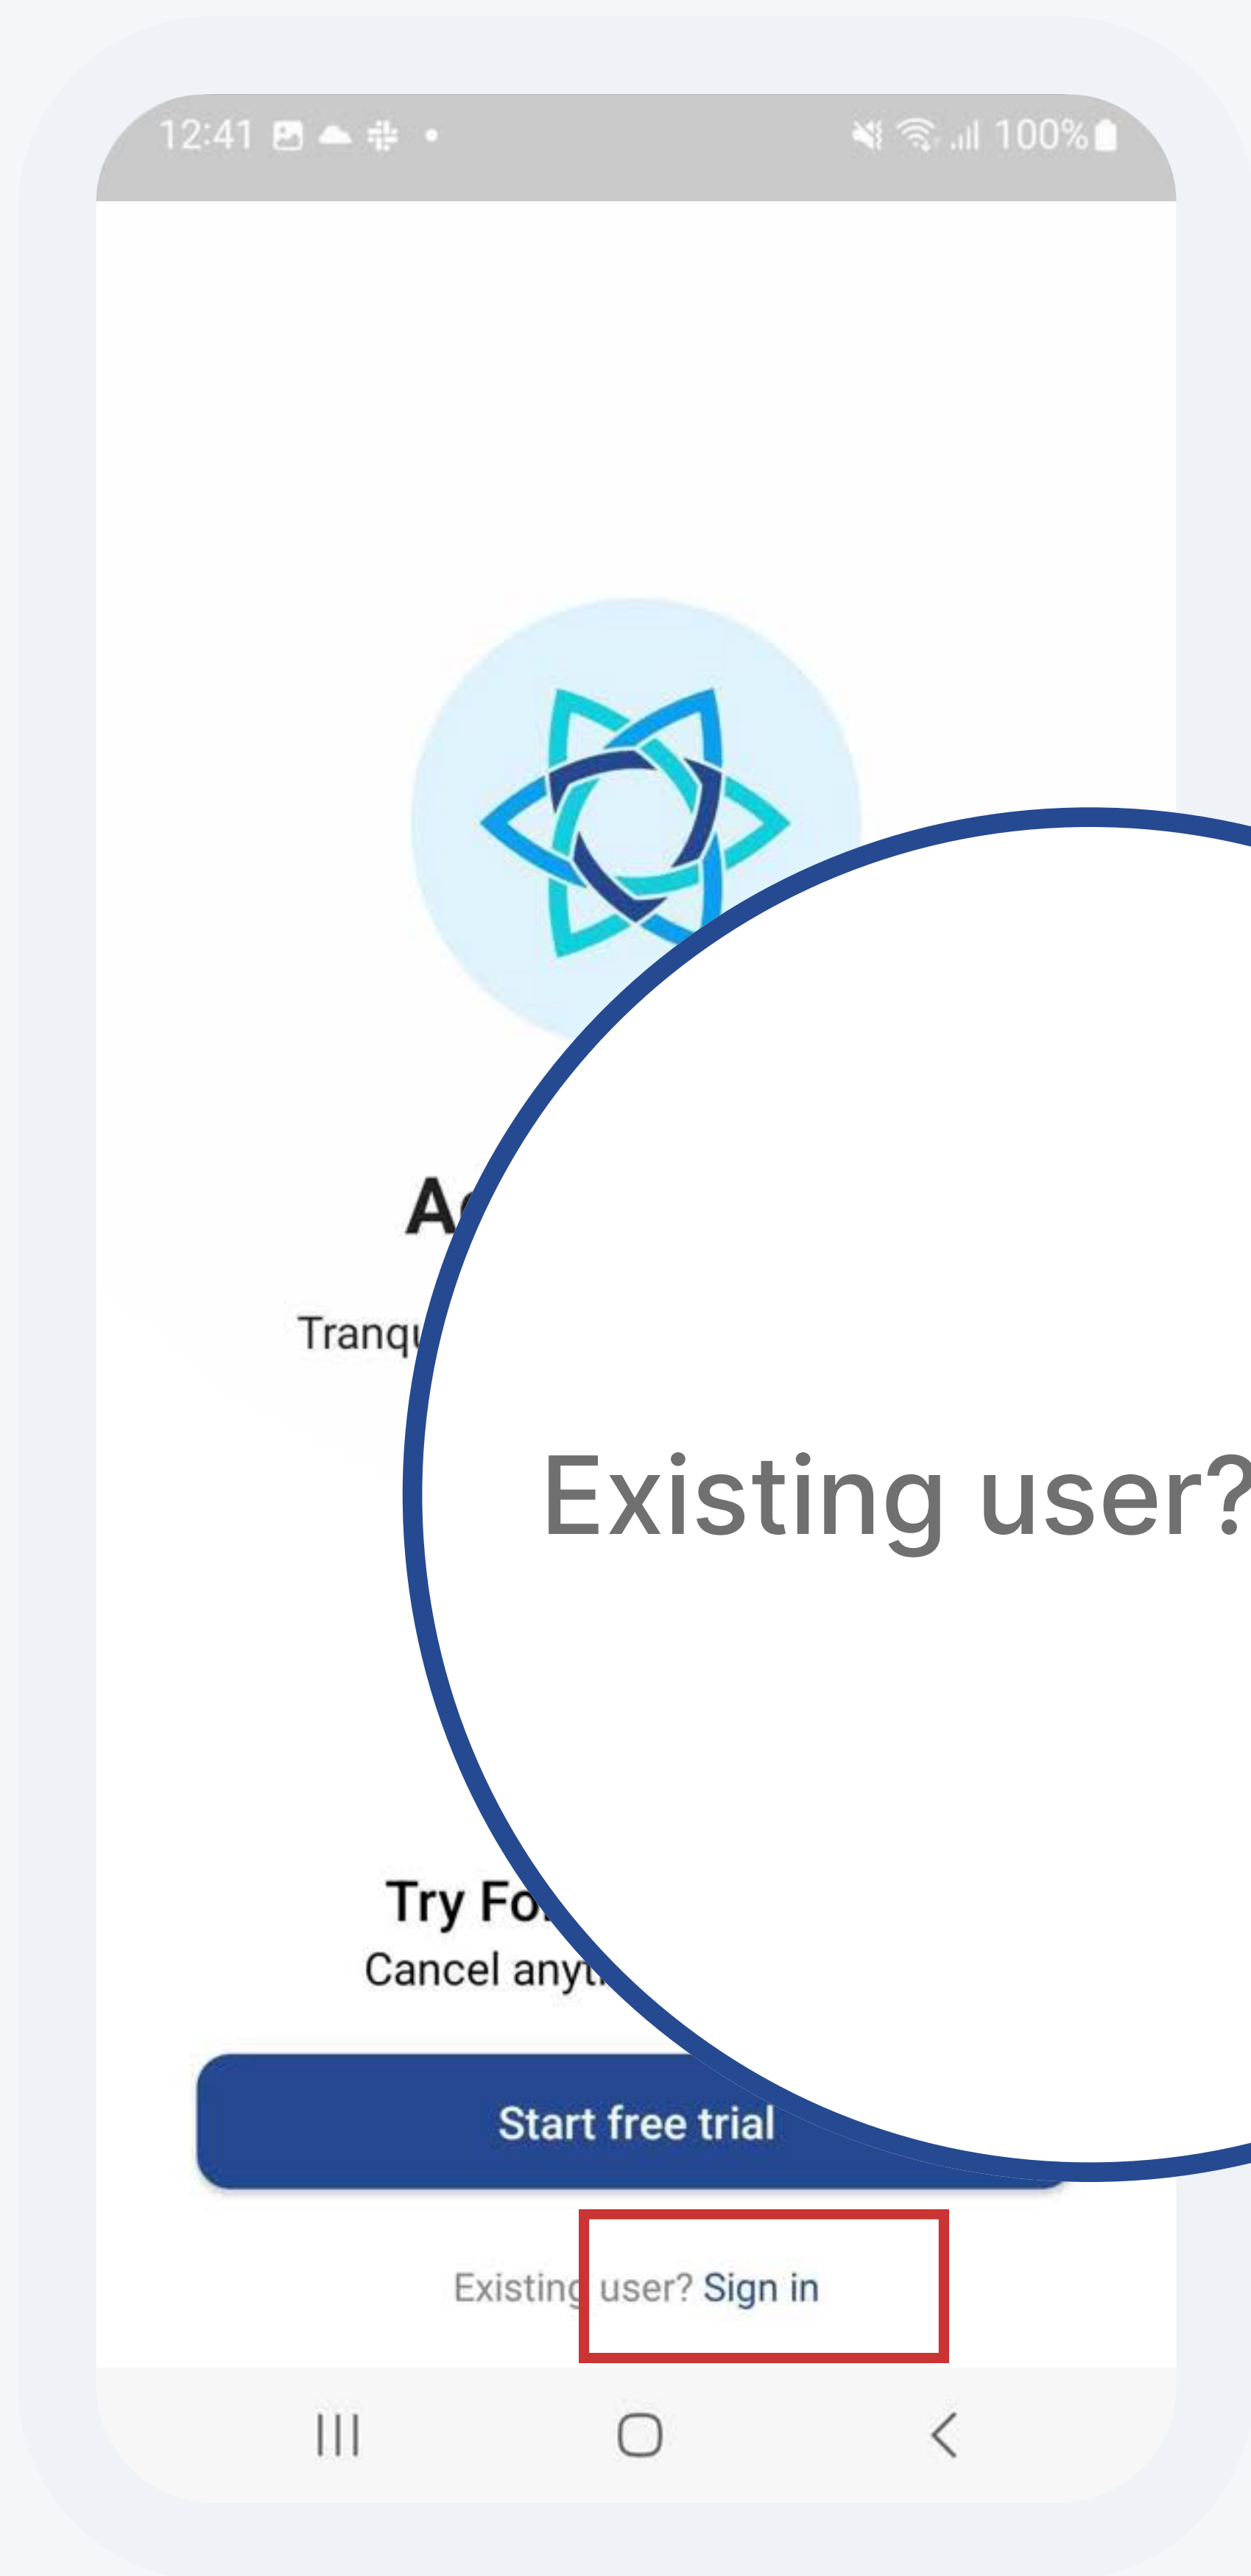

From Google Play Store, tap ***Install*** to download AdTranquility Spam Protection

Once installed, tap ***Open*** to initiate AdTranquility app on your Android device

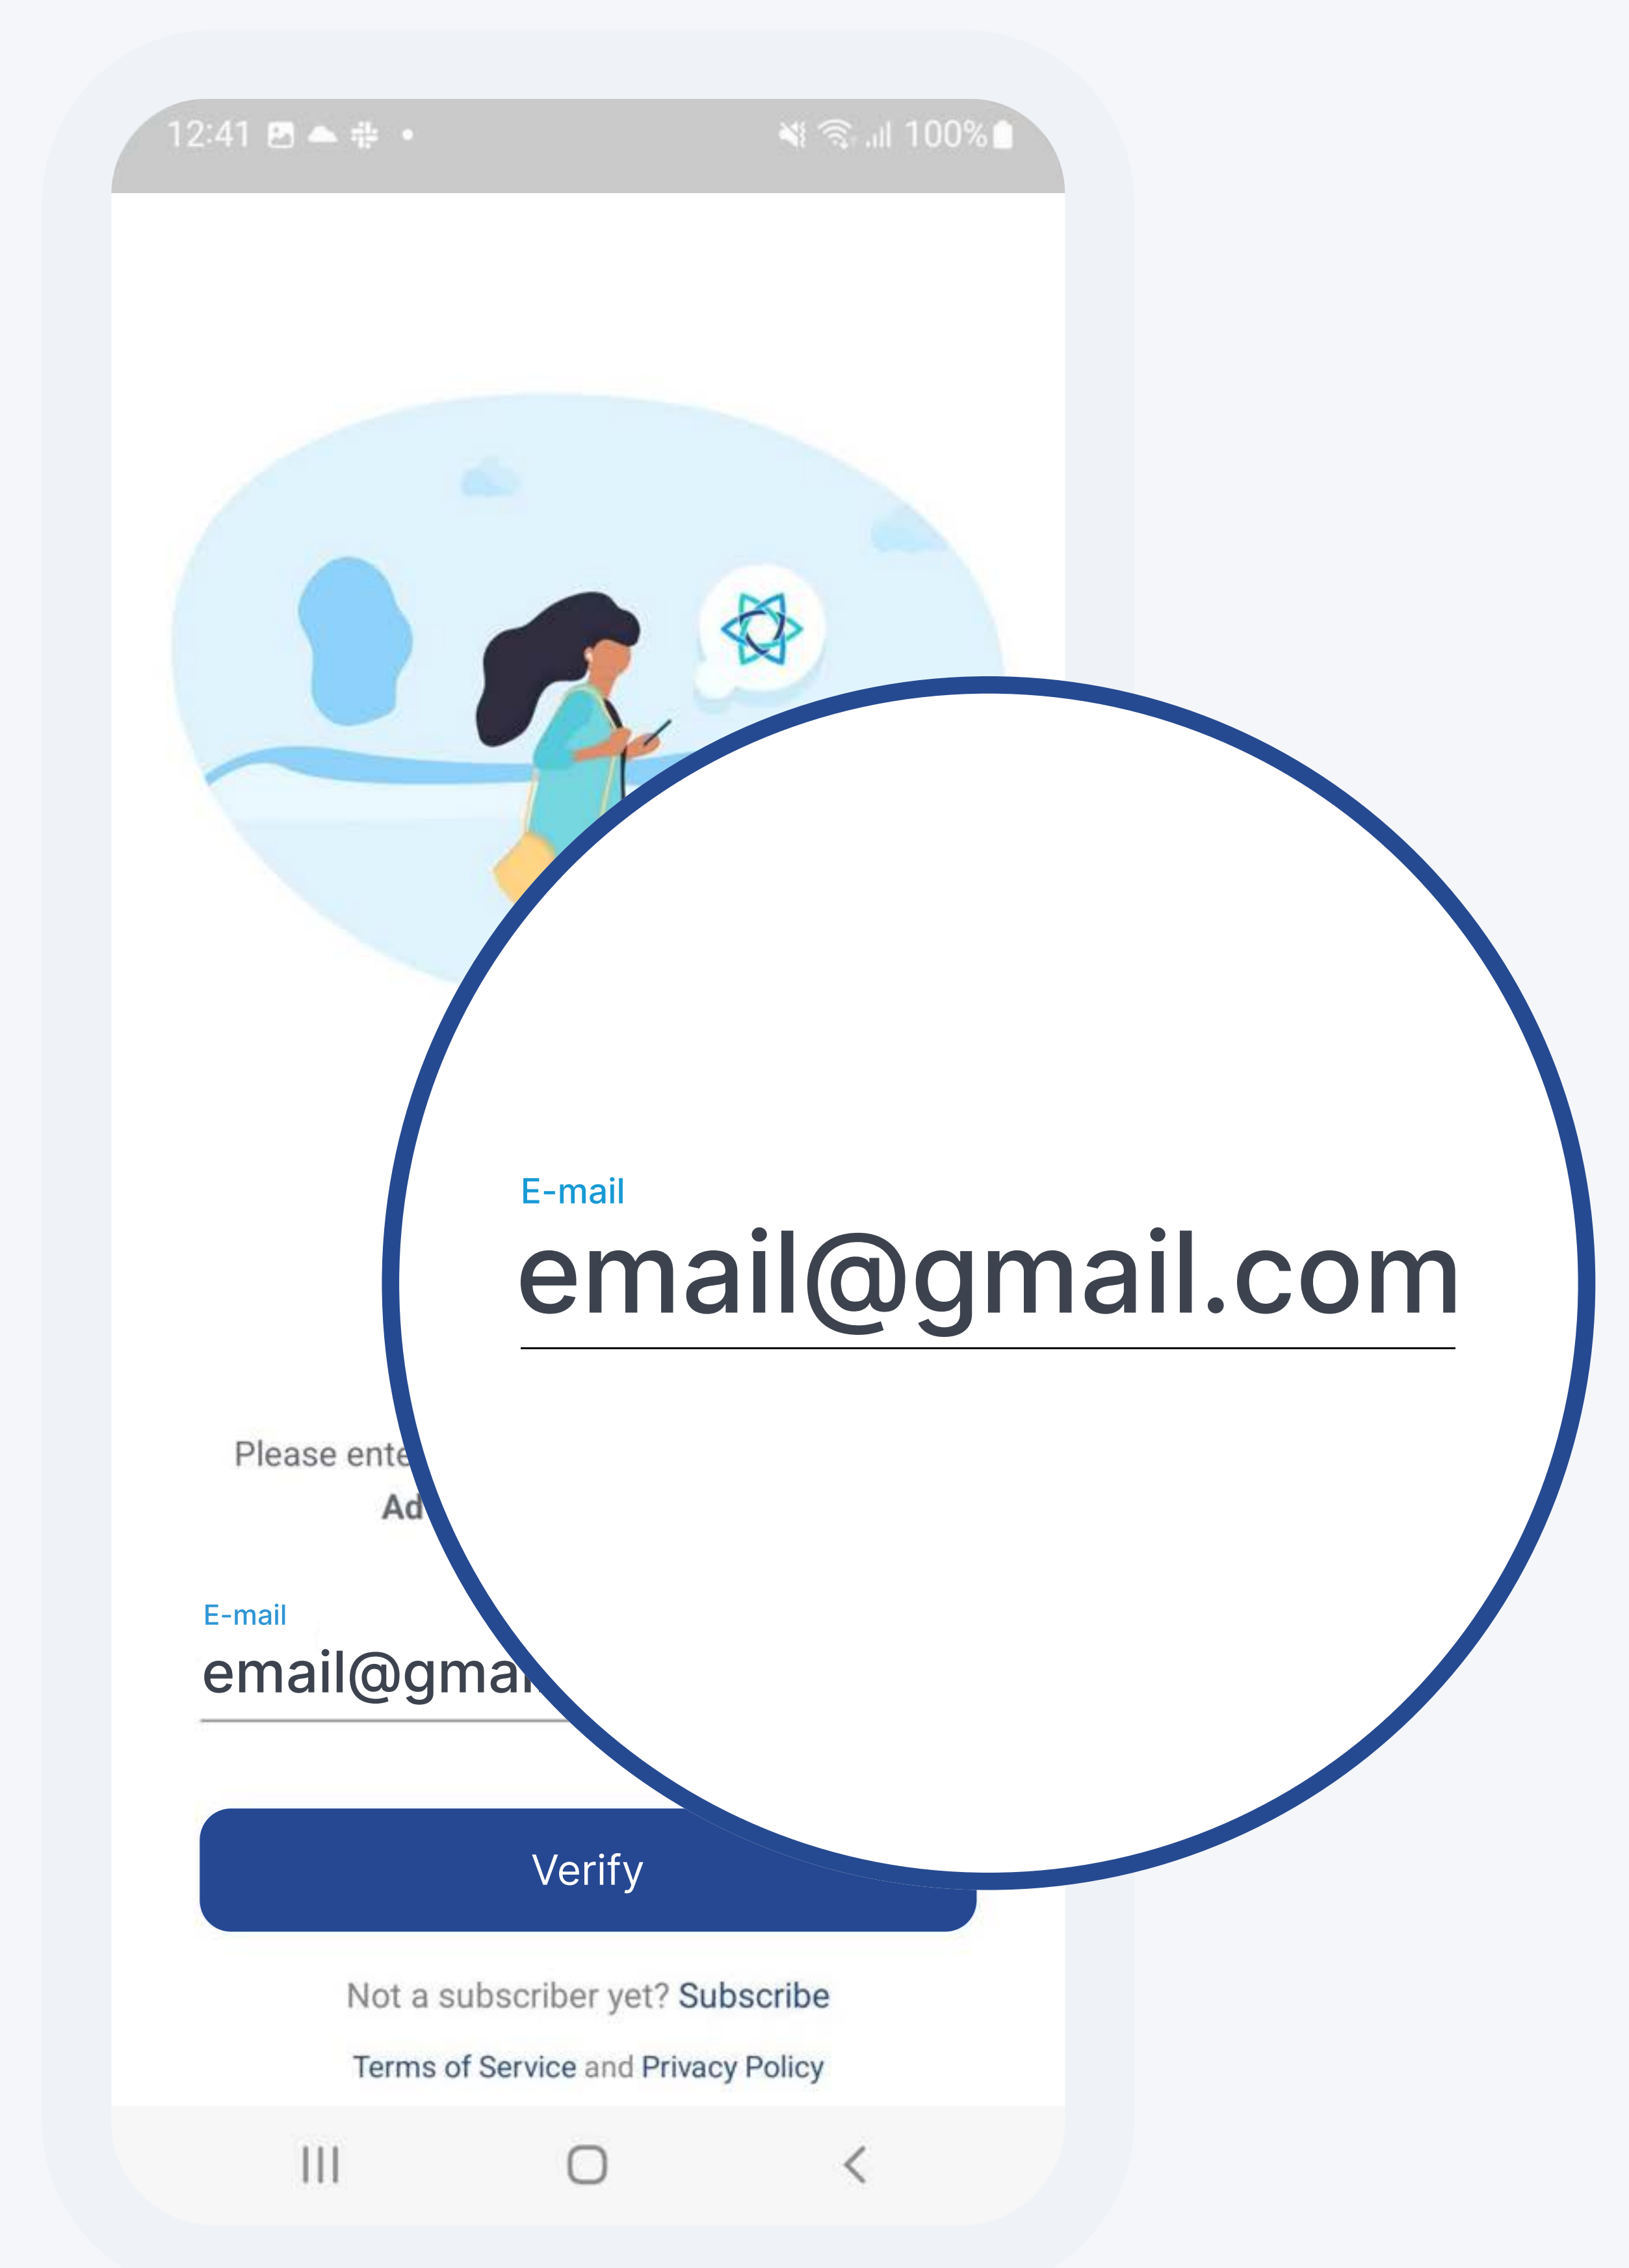

## STEP 2

### Verify your email address

Once the app is open, tap **Sign in** to access the **Login** screen

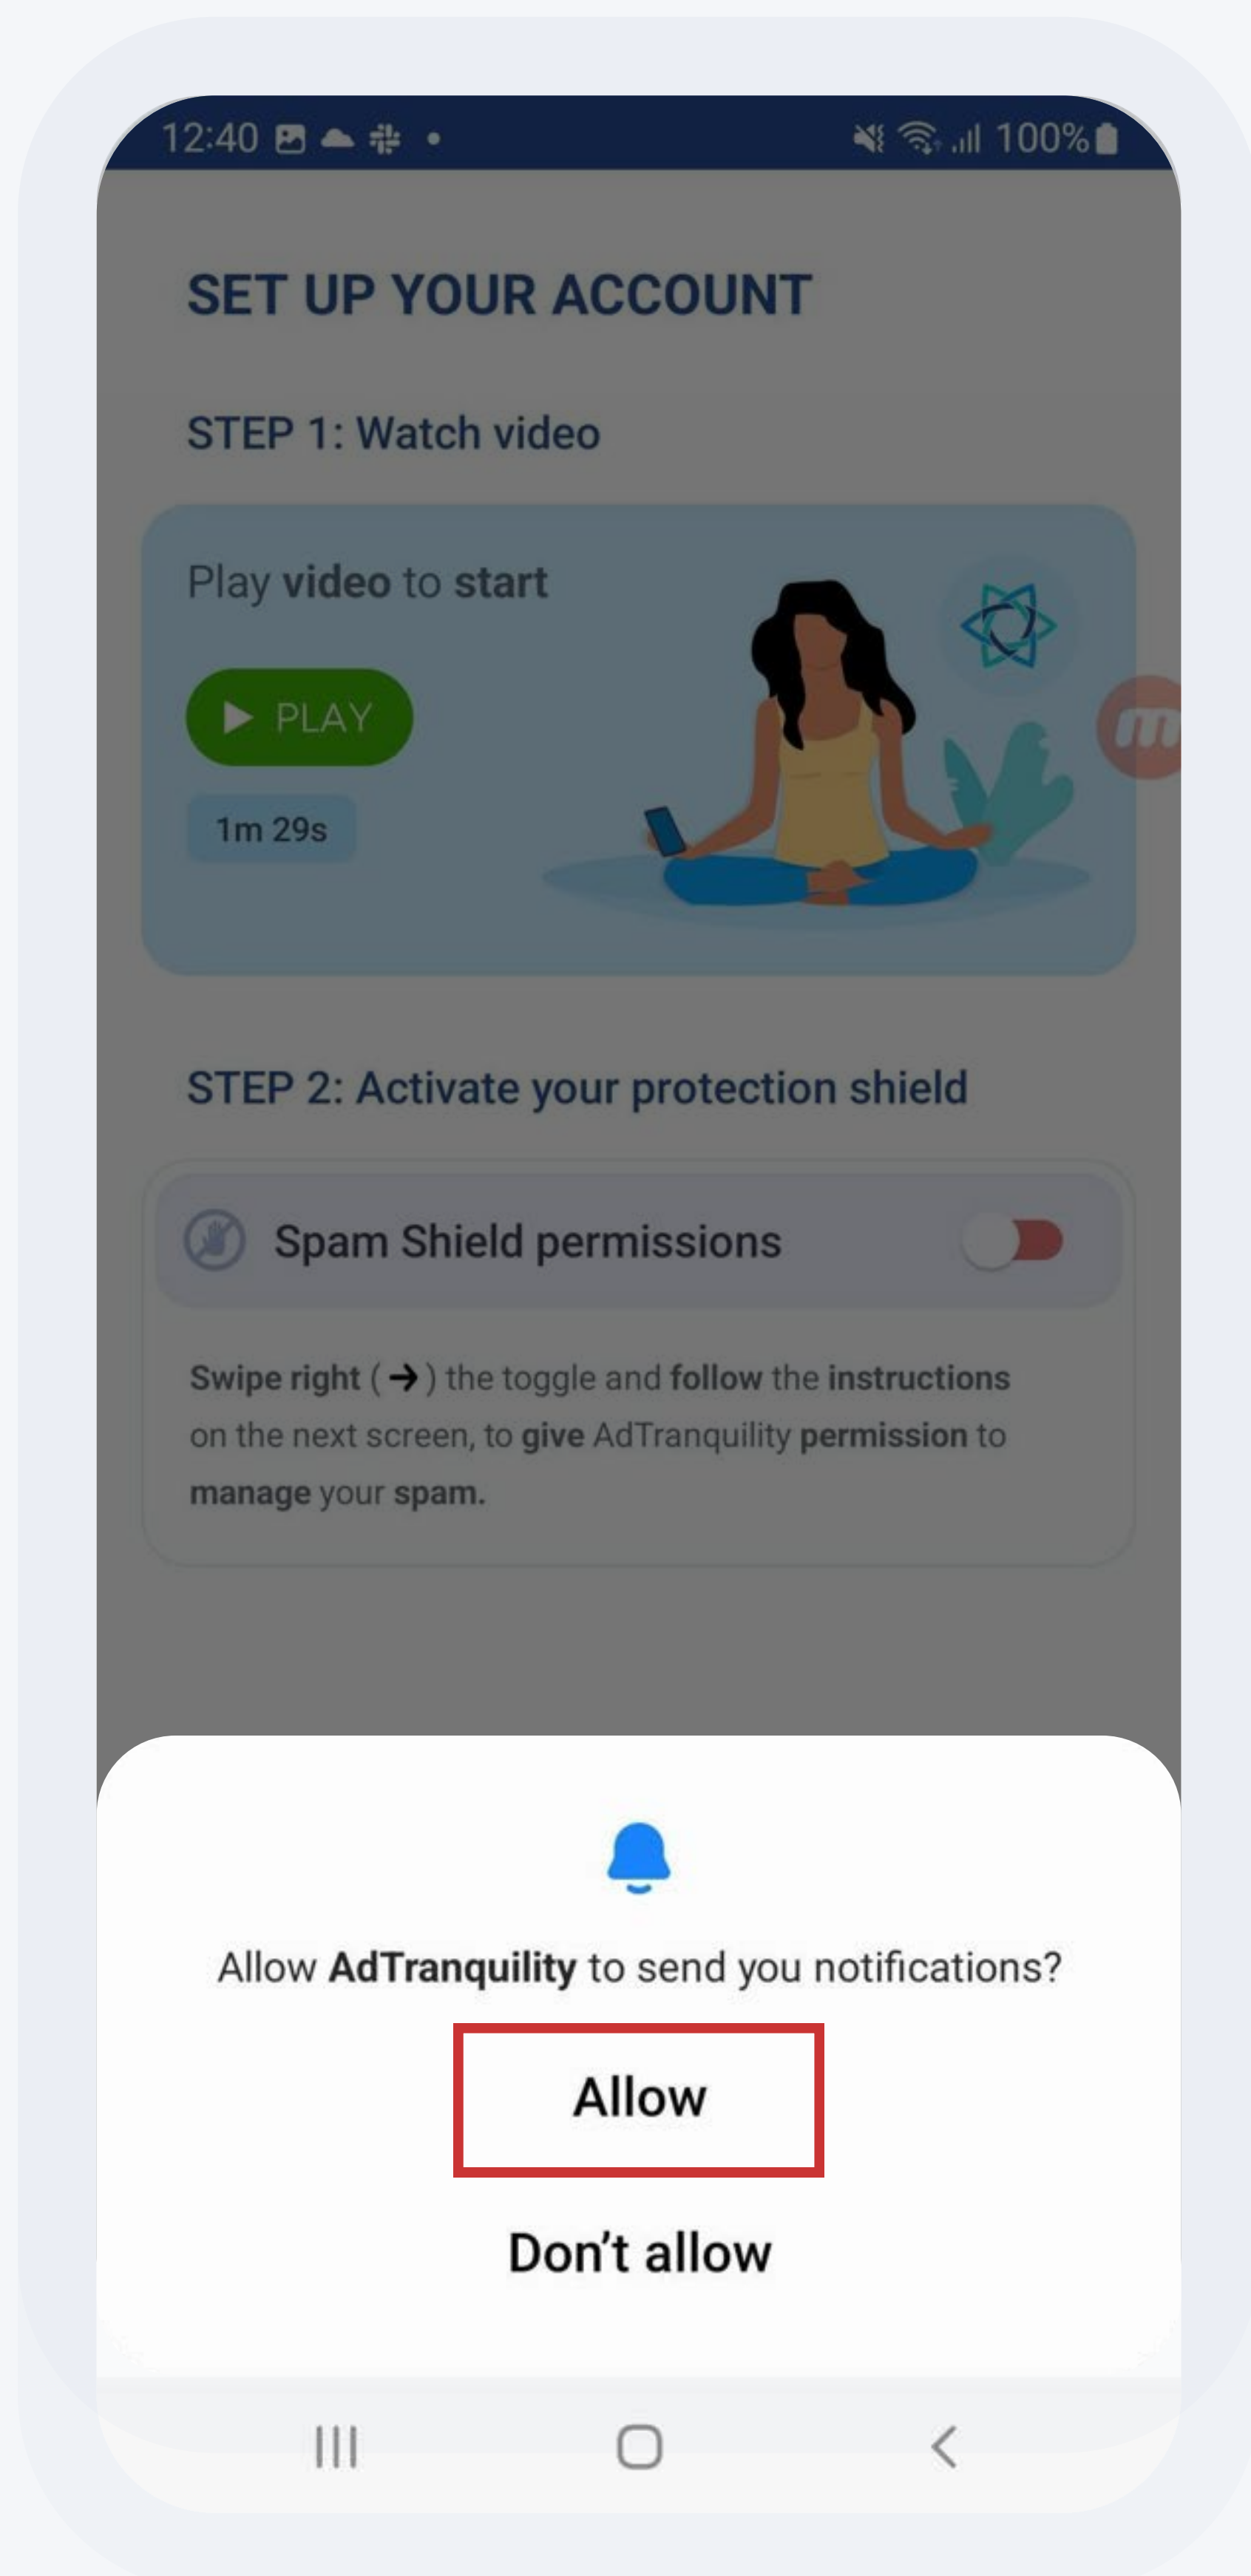

To sign in, **enter** the **email** you used to purchase your AdTranquility subscription, and tap **Verify** button

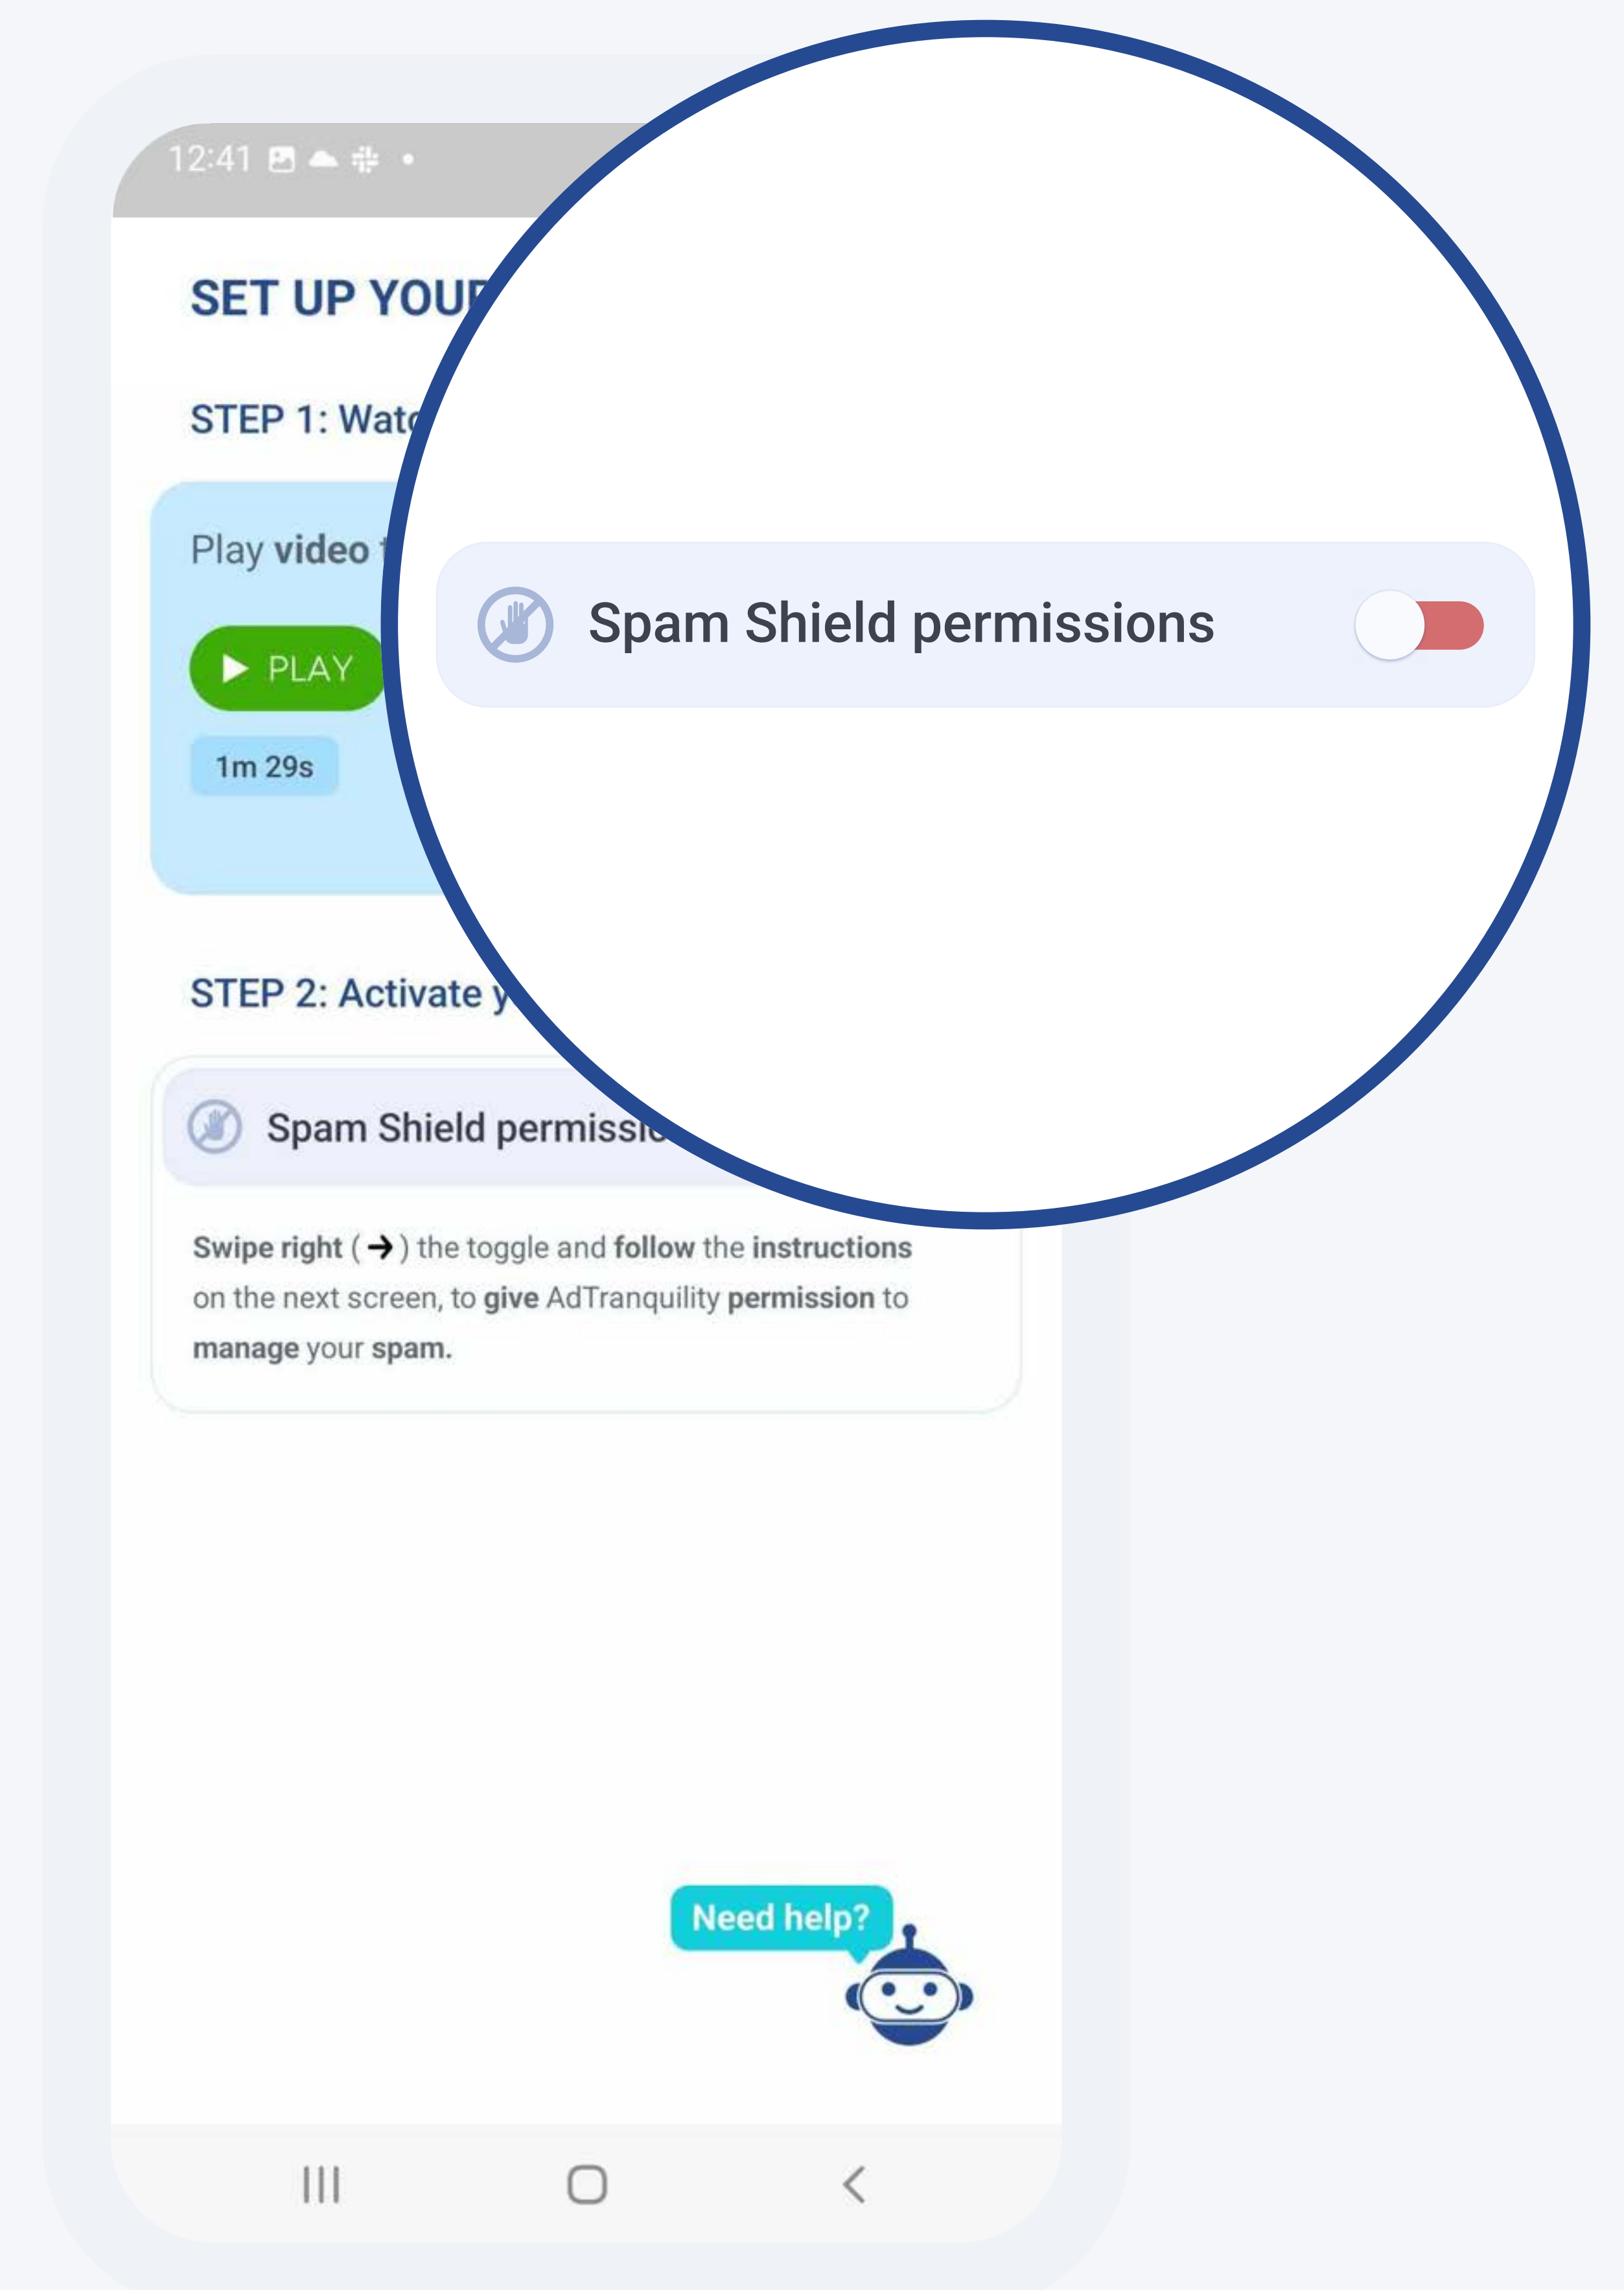

## STEP 3

### 3.1 Activate your plan: Spam Shield

Tap **Allow** to give AdTranquility the permission to send you notifications required in the activation process

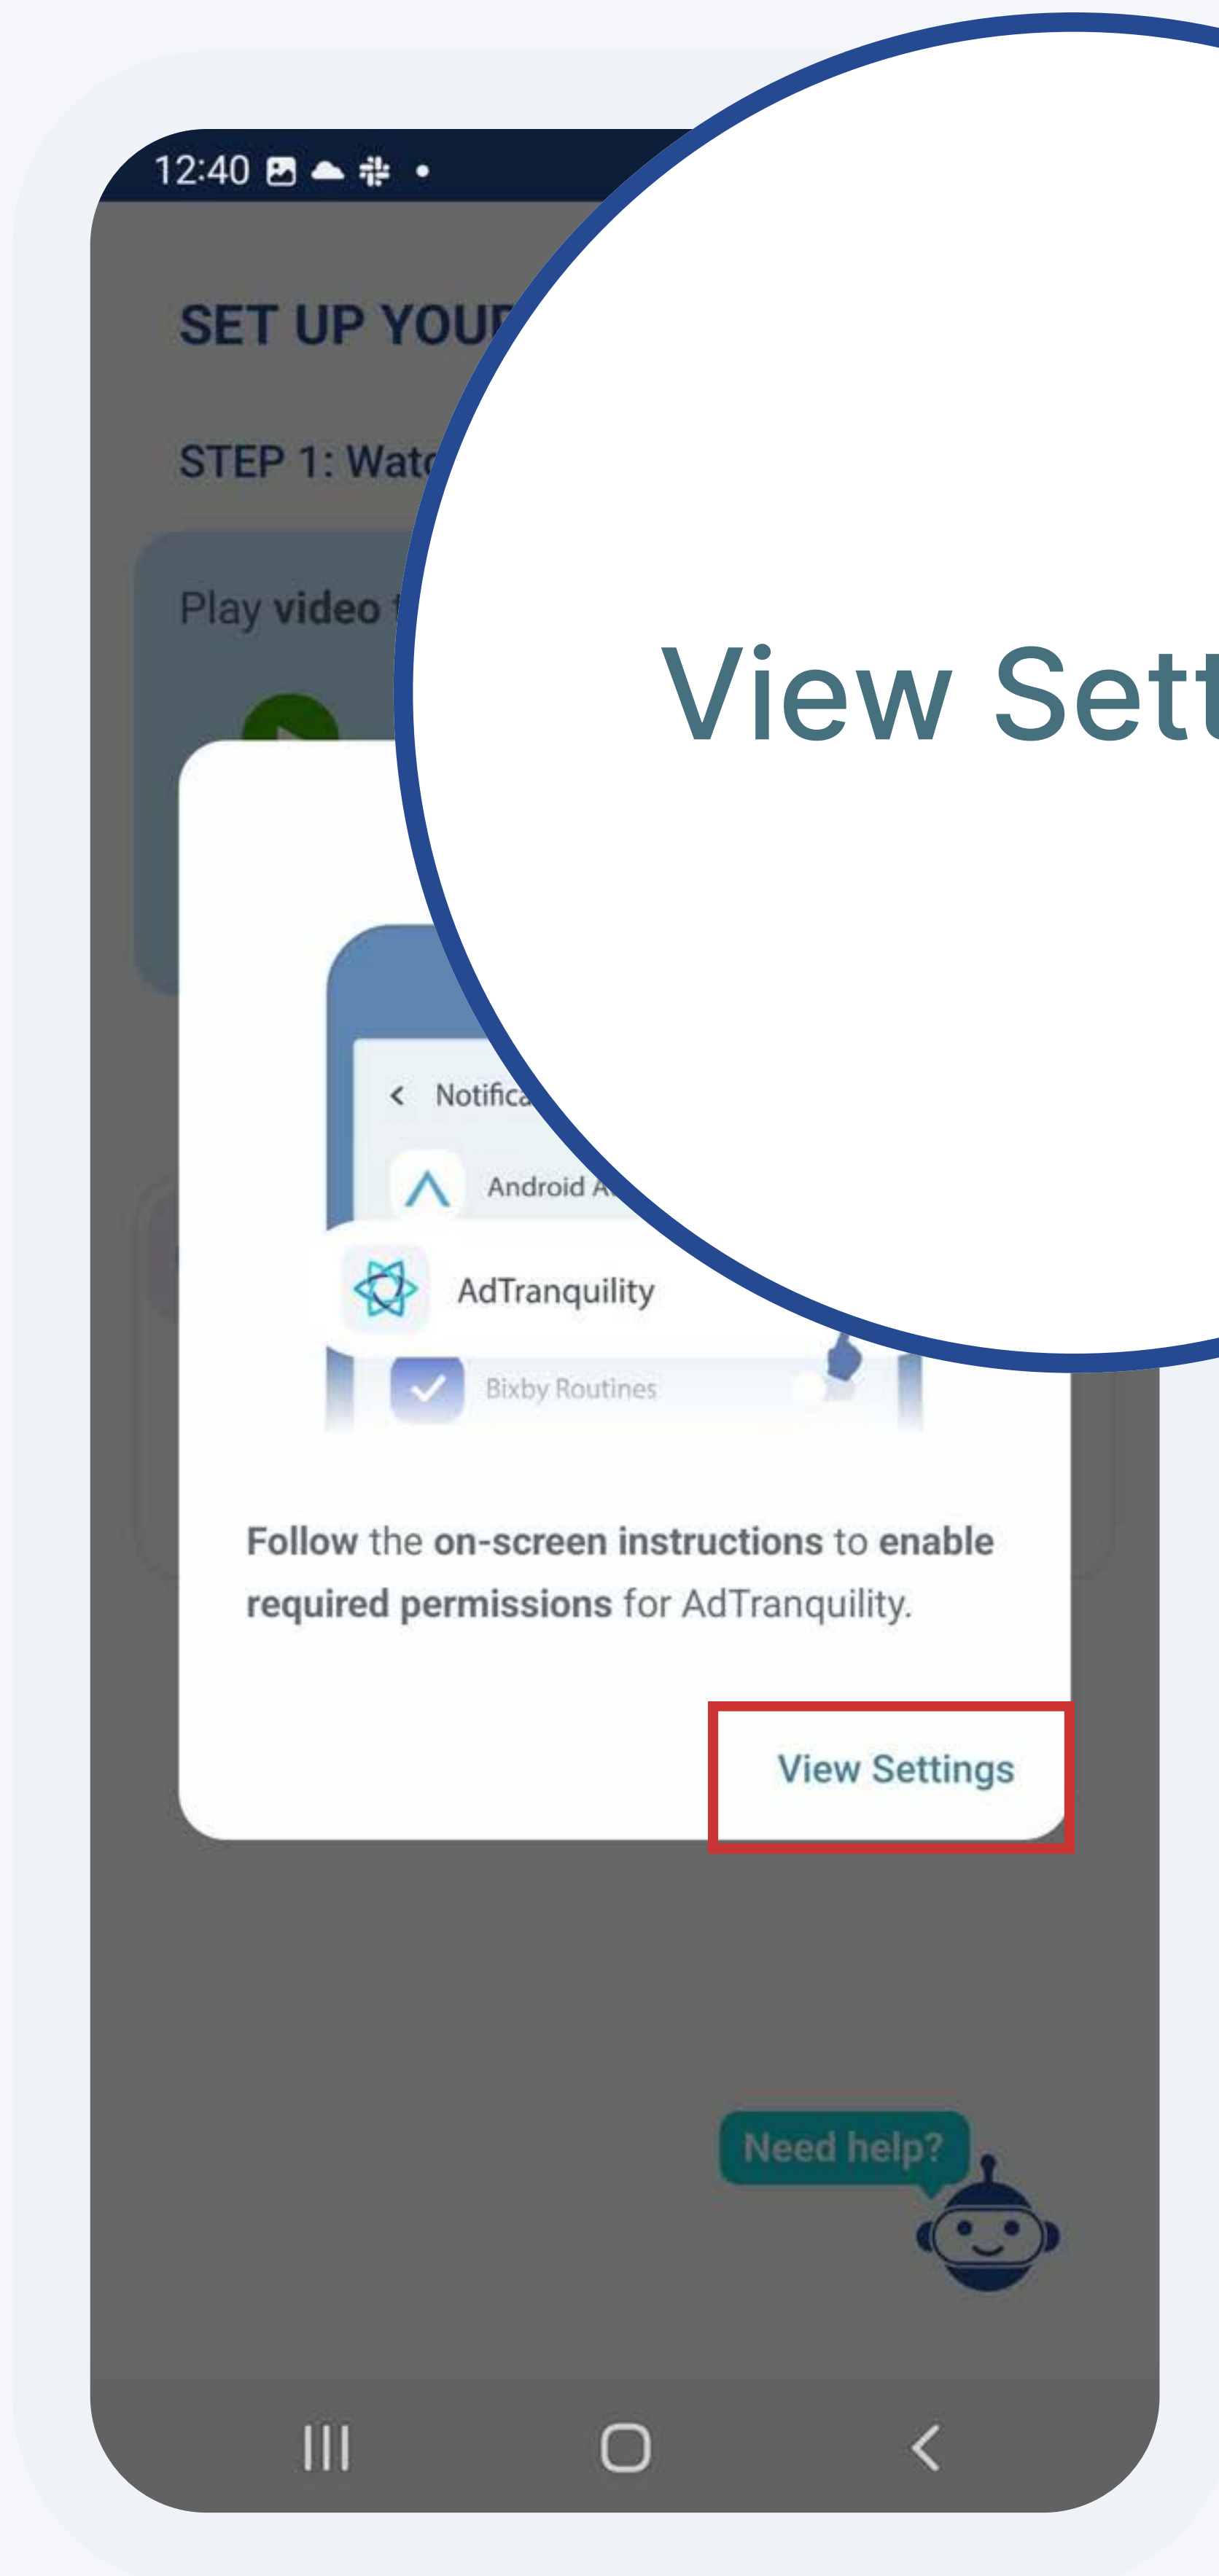

On the next screen, **toggle** the **Spam Shield permissions** bar to the **right** to start activation process

## 3.1

# Give **Notification Access** permissions

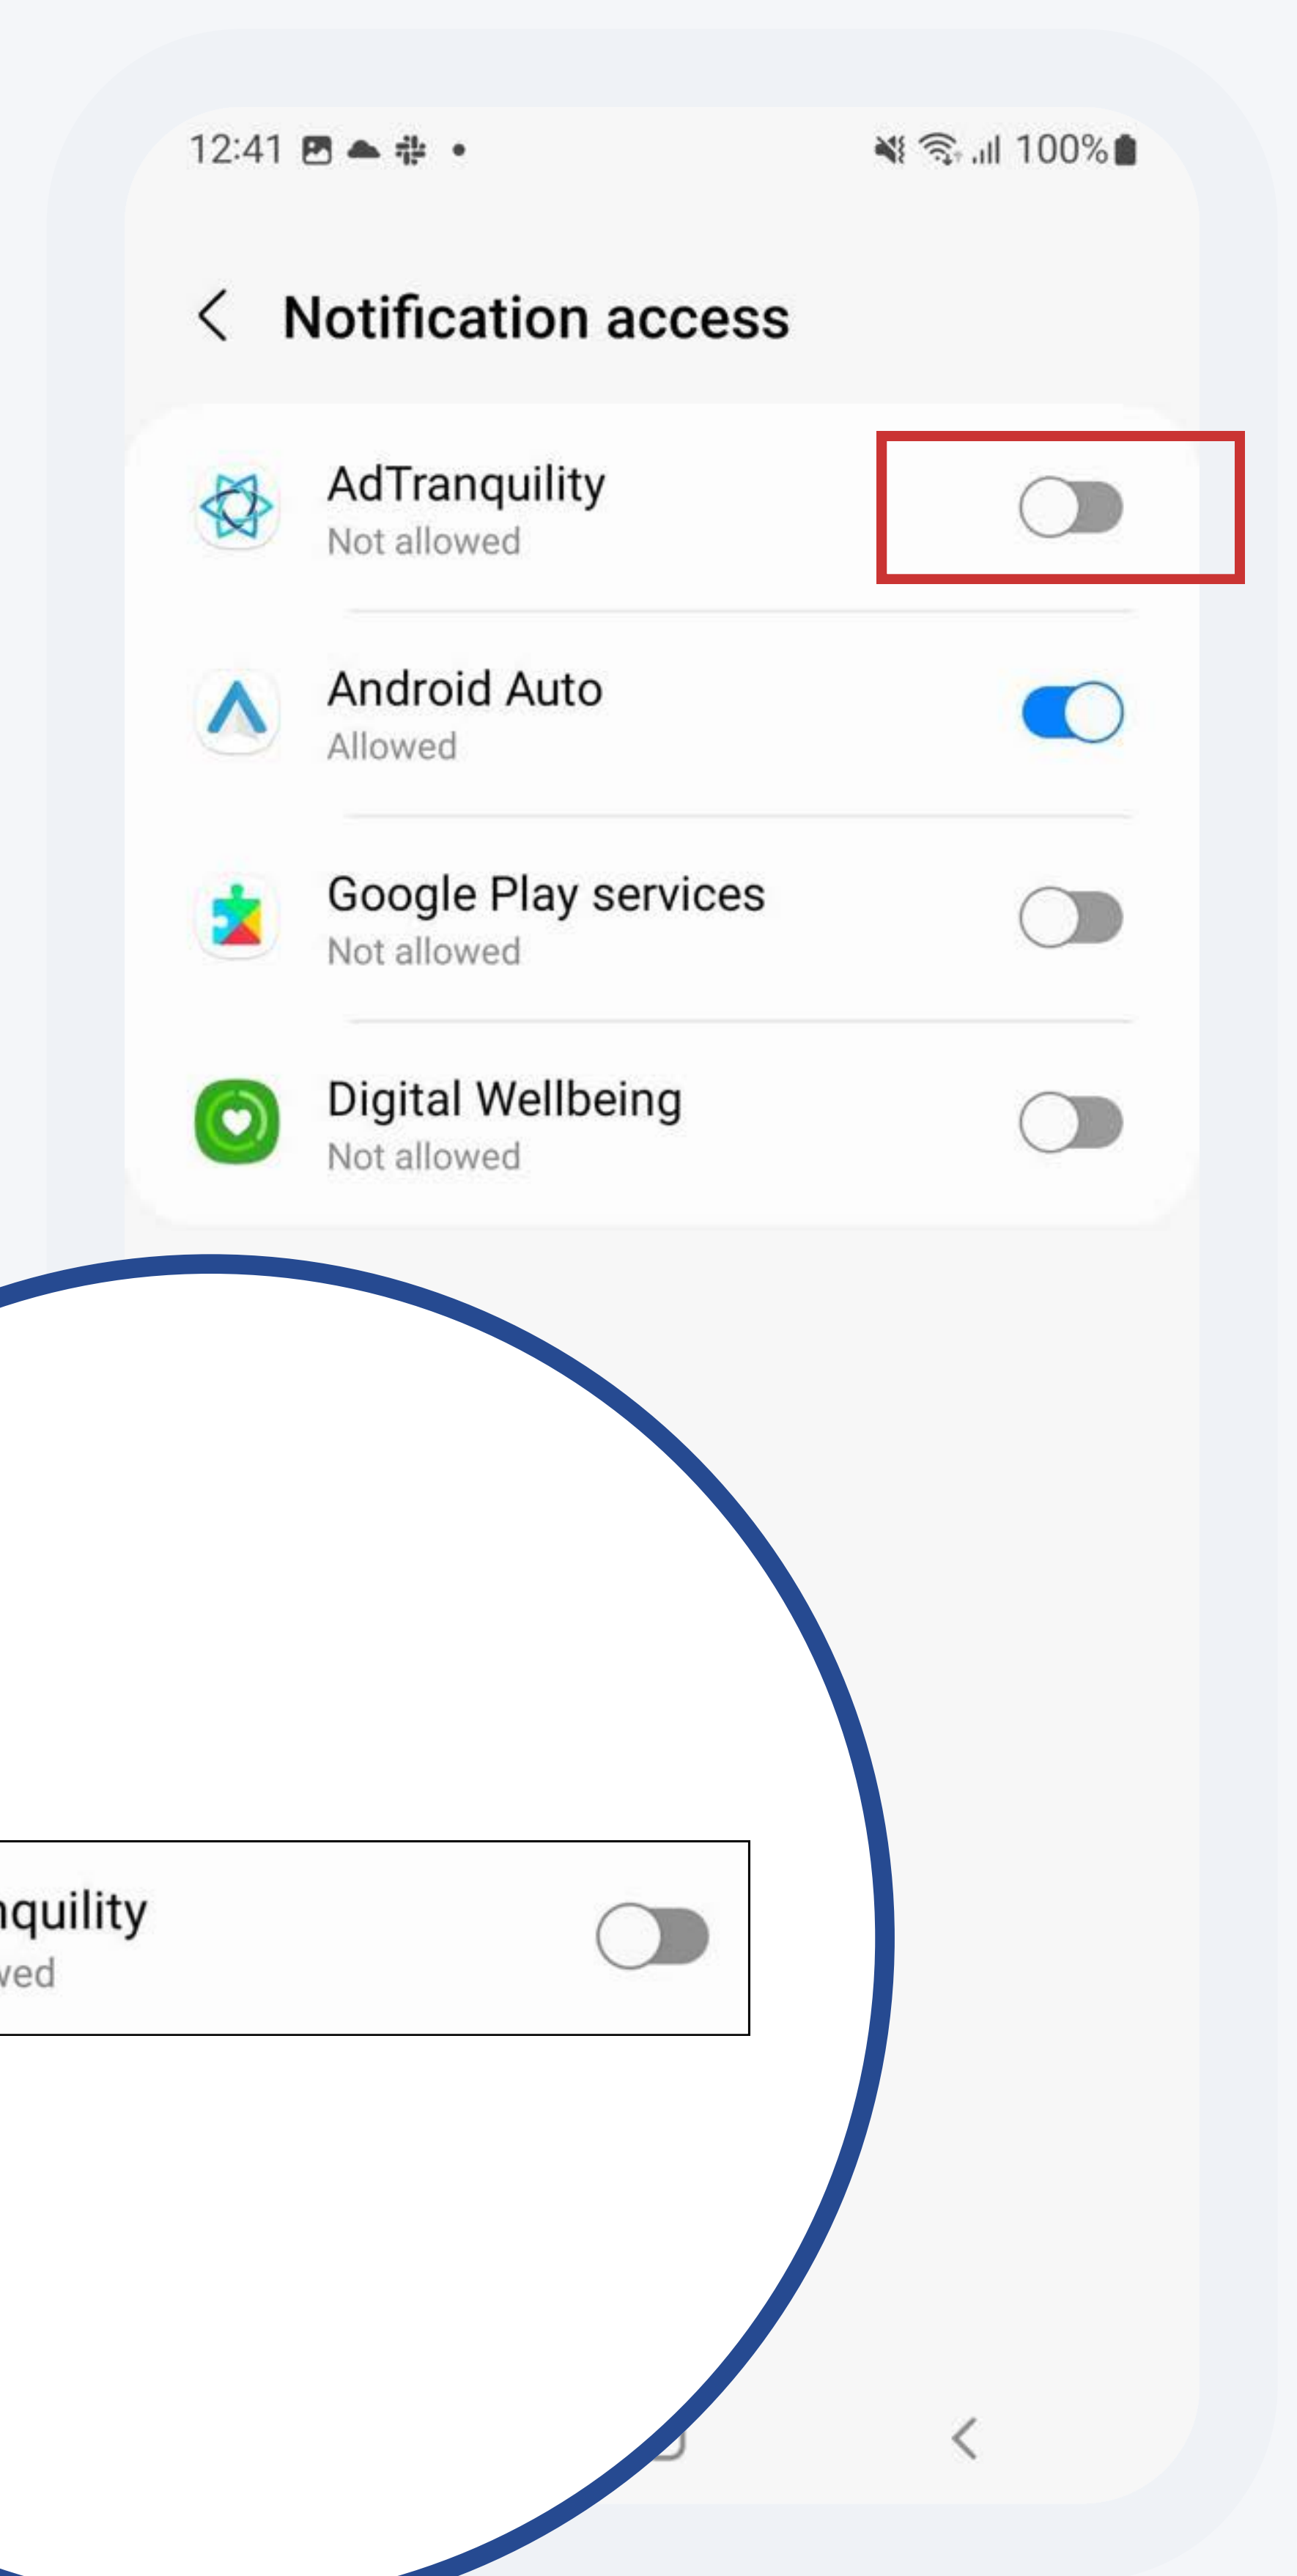

View Settings

Tap **View Settings** button.

You will be **redirected** to your phone's settings, to **give** our app the **permissions** to protect you from spam

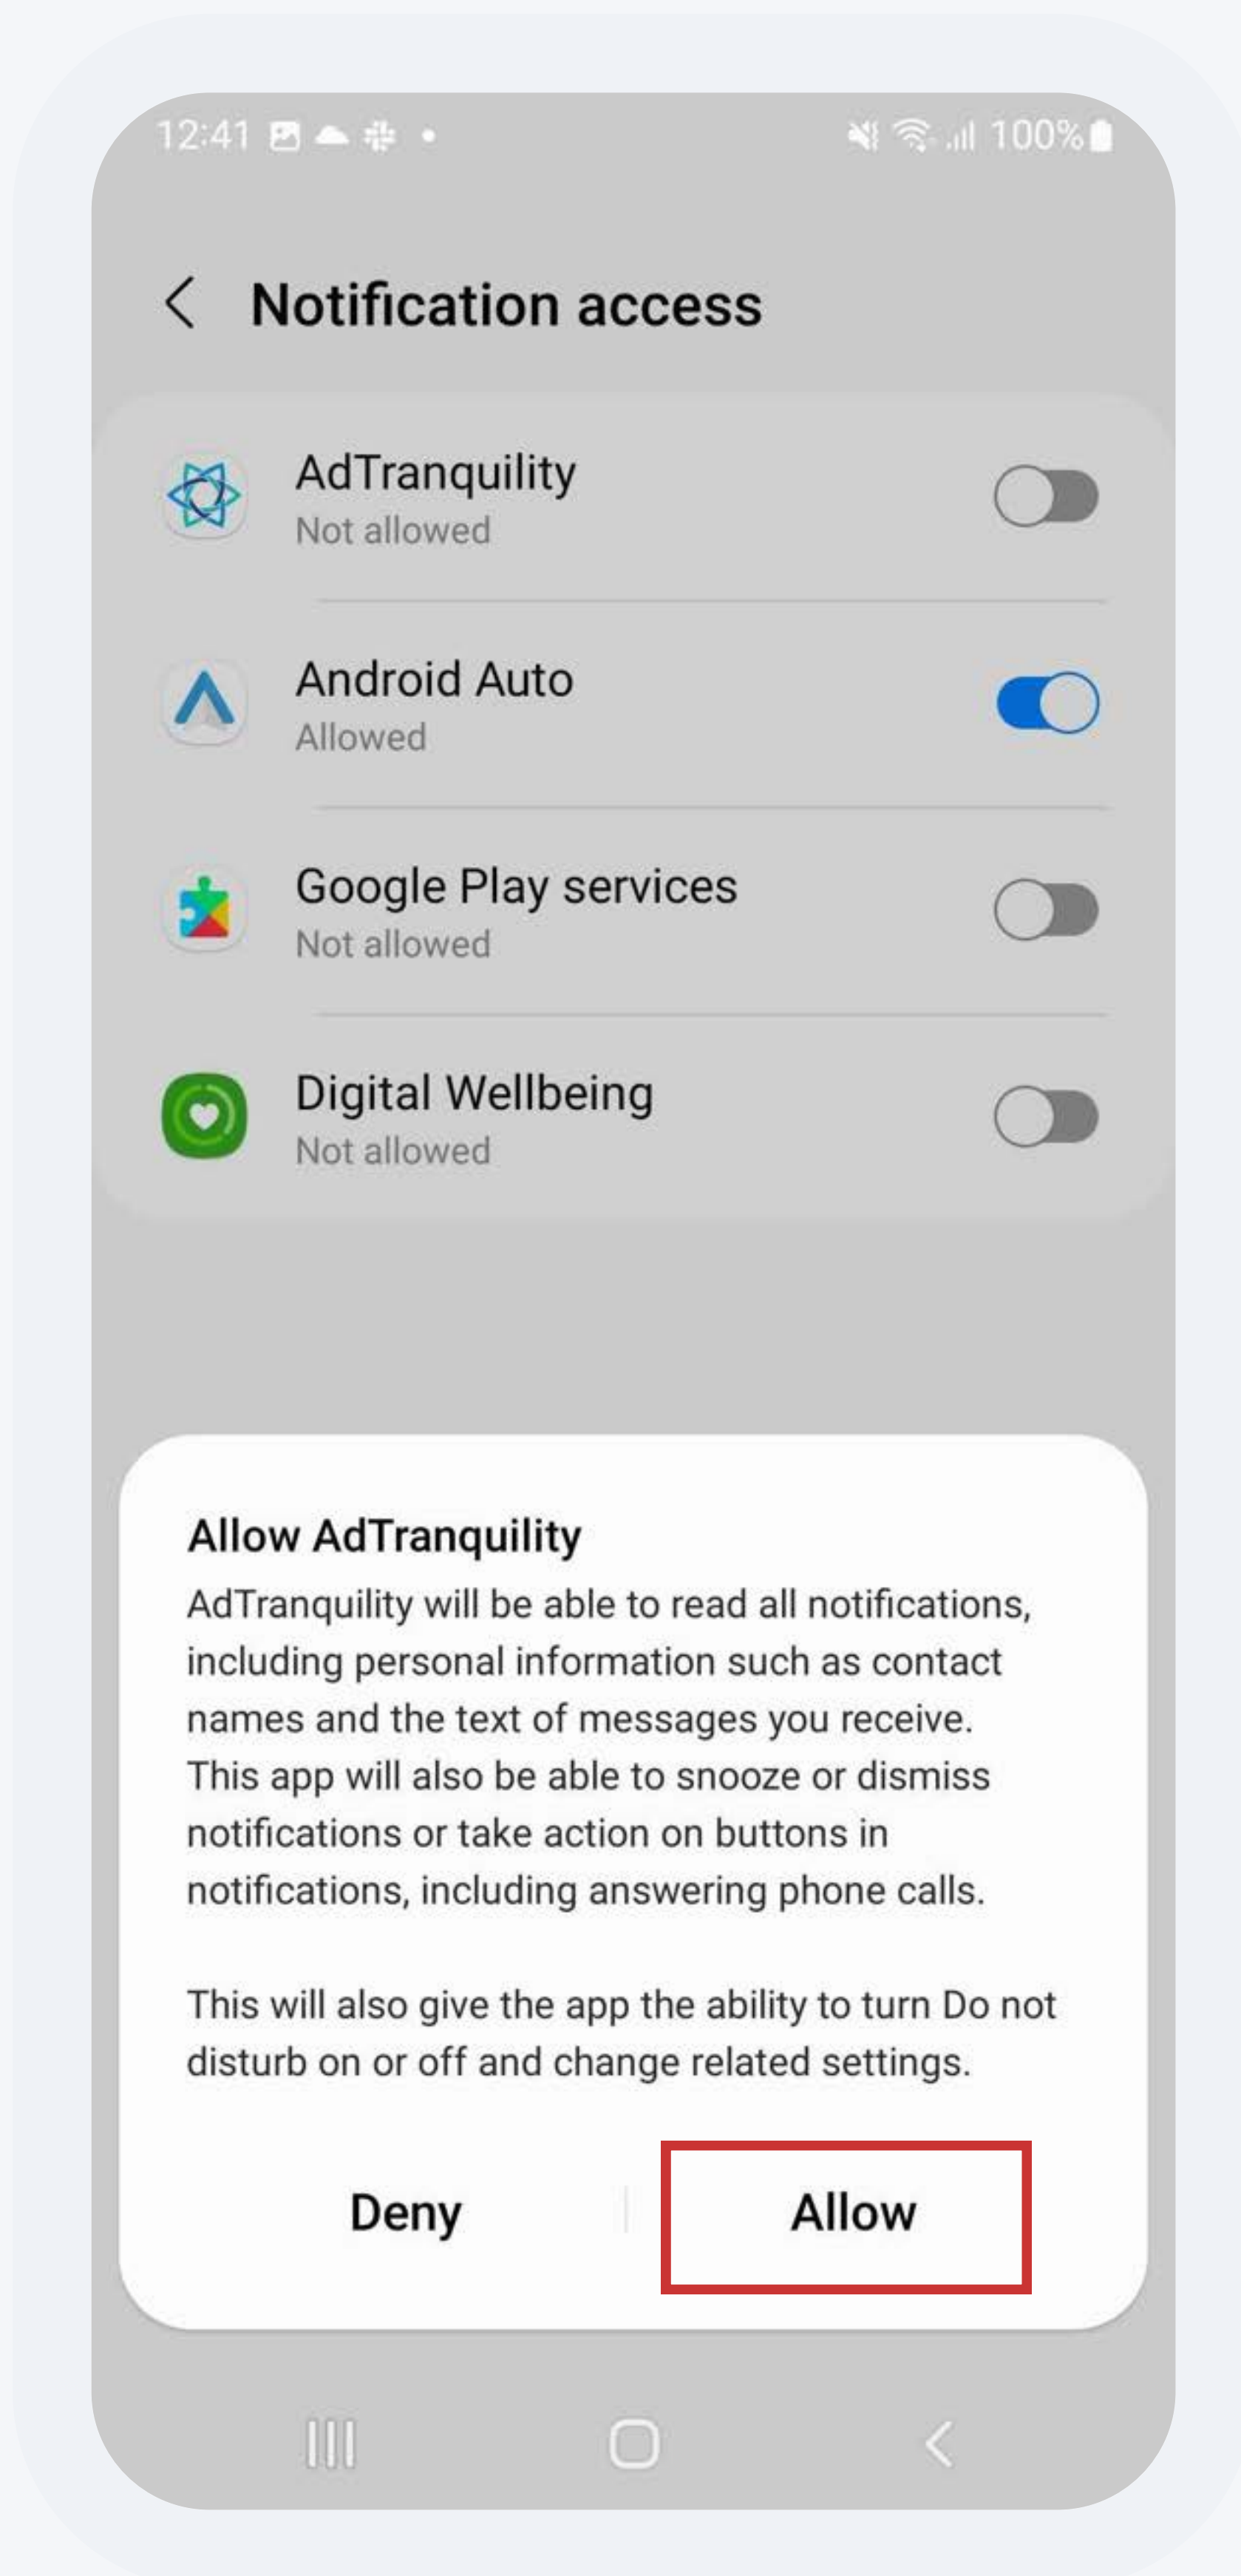

From your device's **Settings/ Notification Access**, **toggle** AdTranquility bar to the **right**, to **activate protection and block all future pop/push spam** notifications

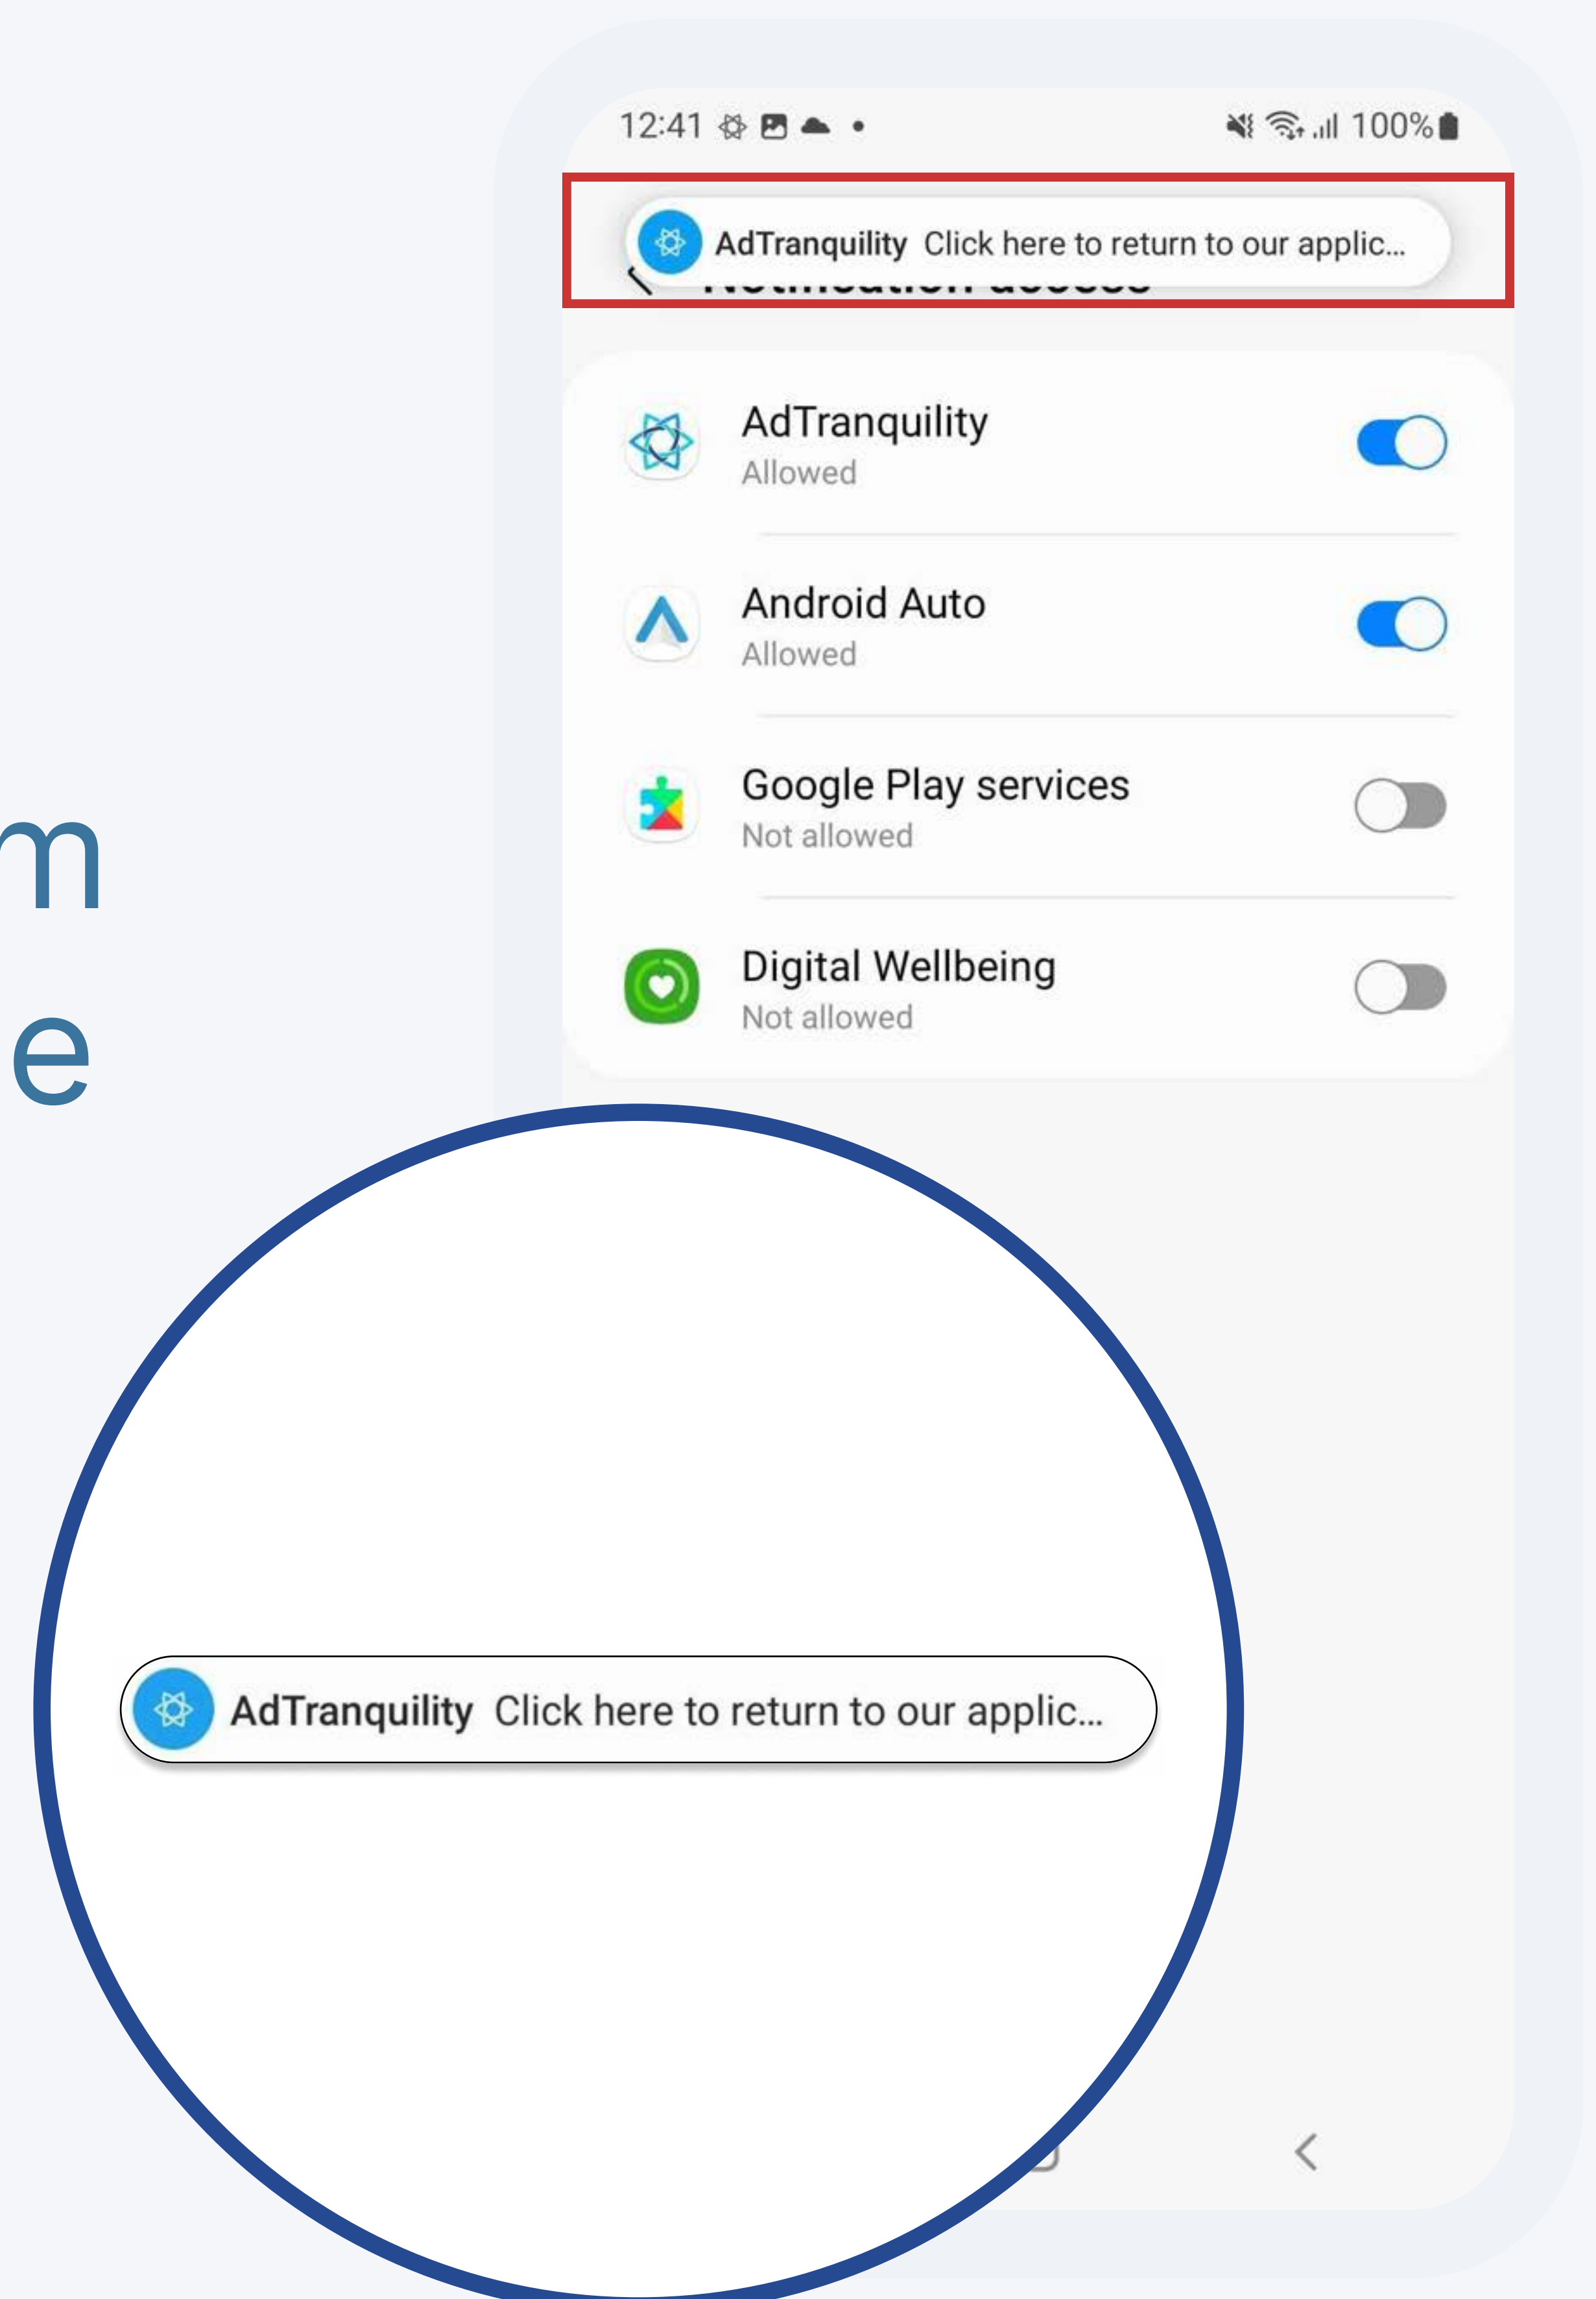

AdTranquility  
Not allowed

# 3.1

**Allow Notification Access** permissions, to enable AdTranquility app to **block all future pop/push** notifications and protect you from spam

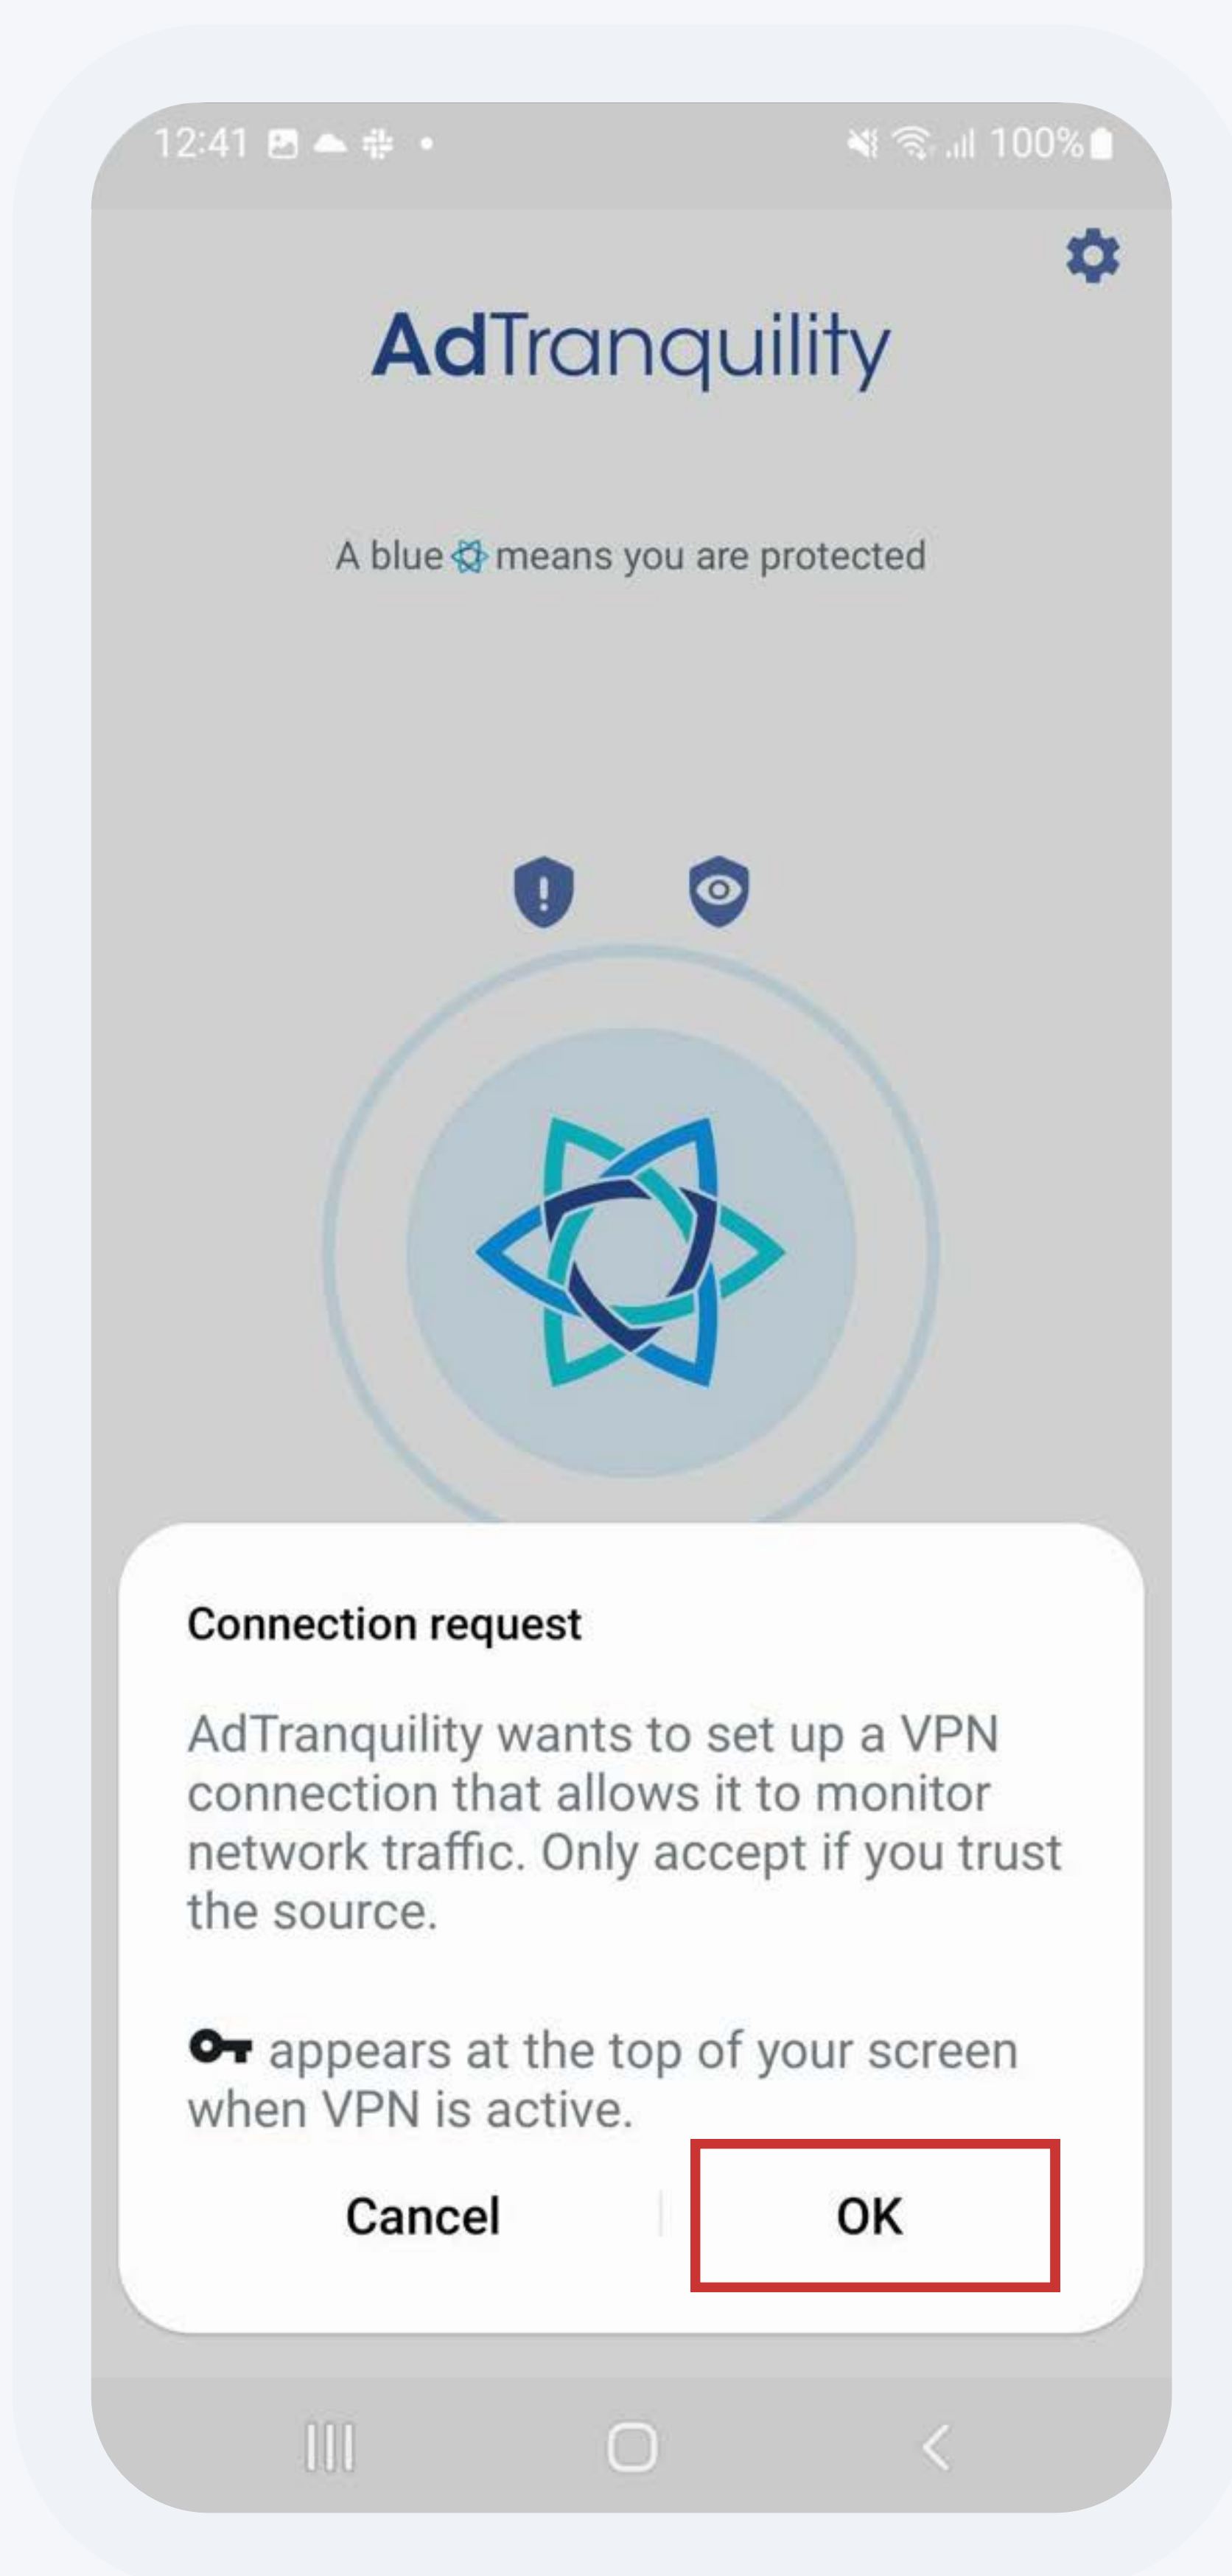

**Tap** on the **notification** received from AdTranquility, to be **redirected** to the app and **conclude activation** process

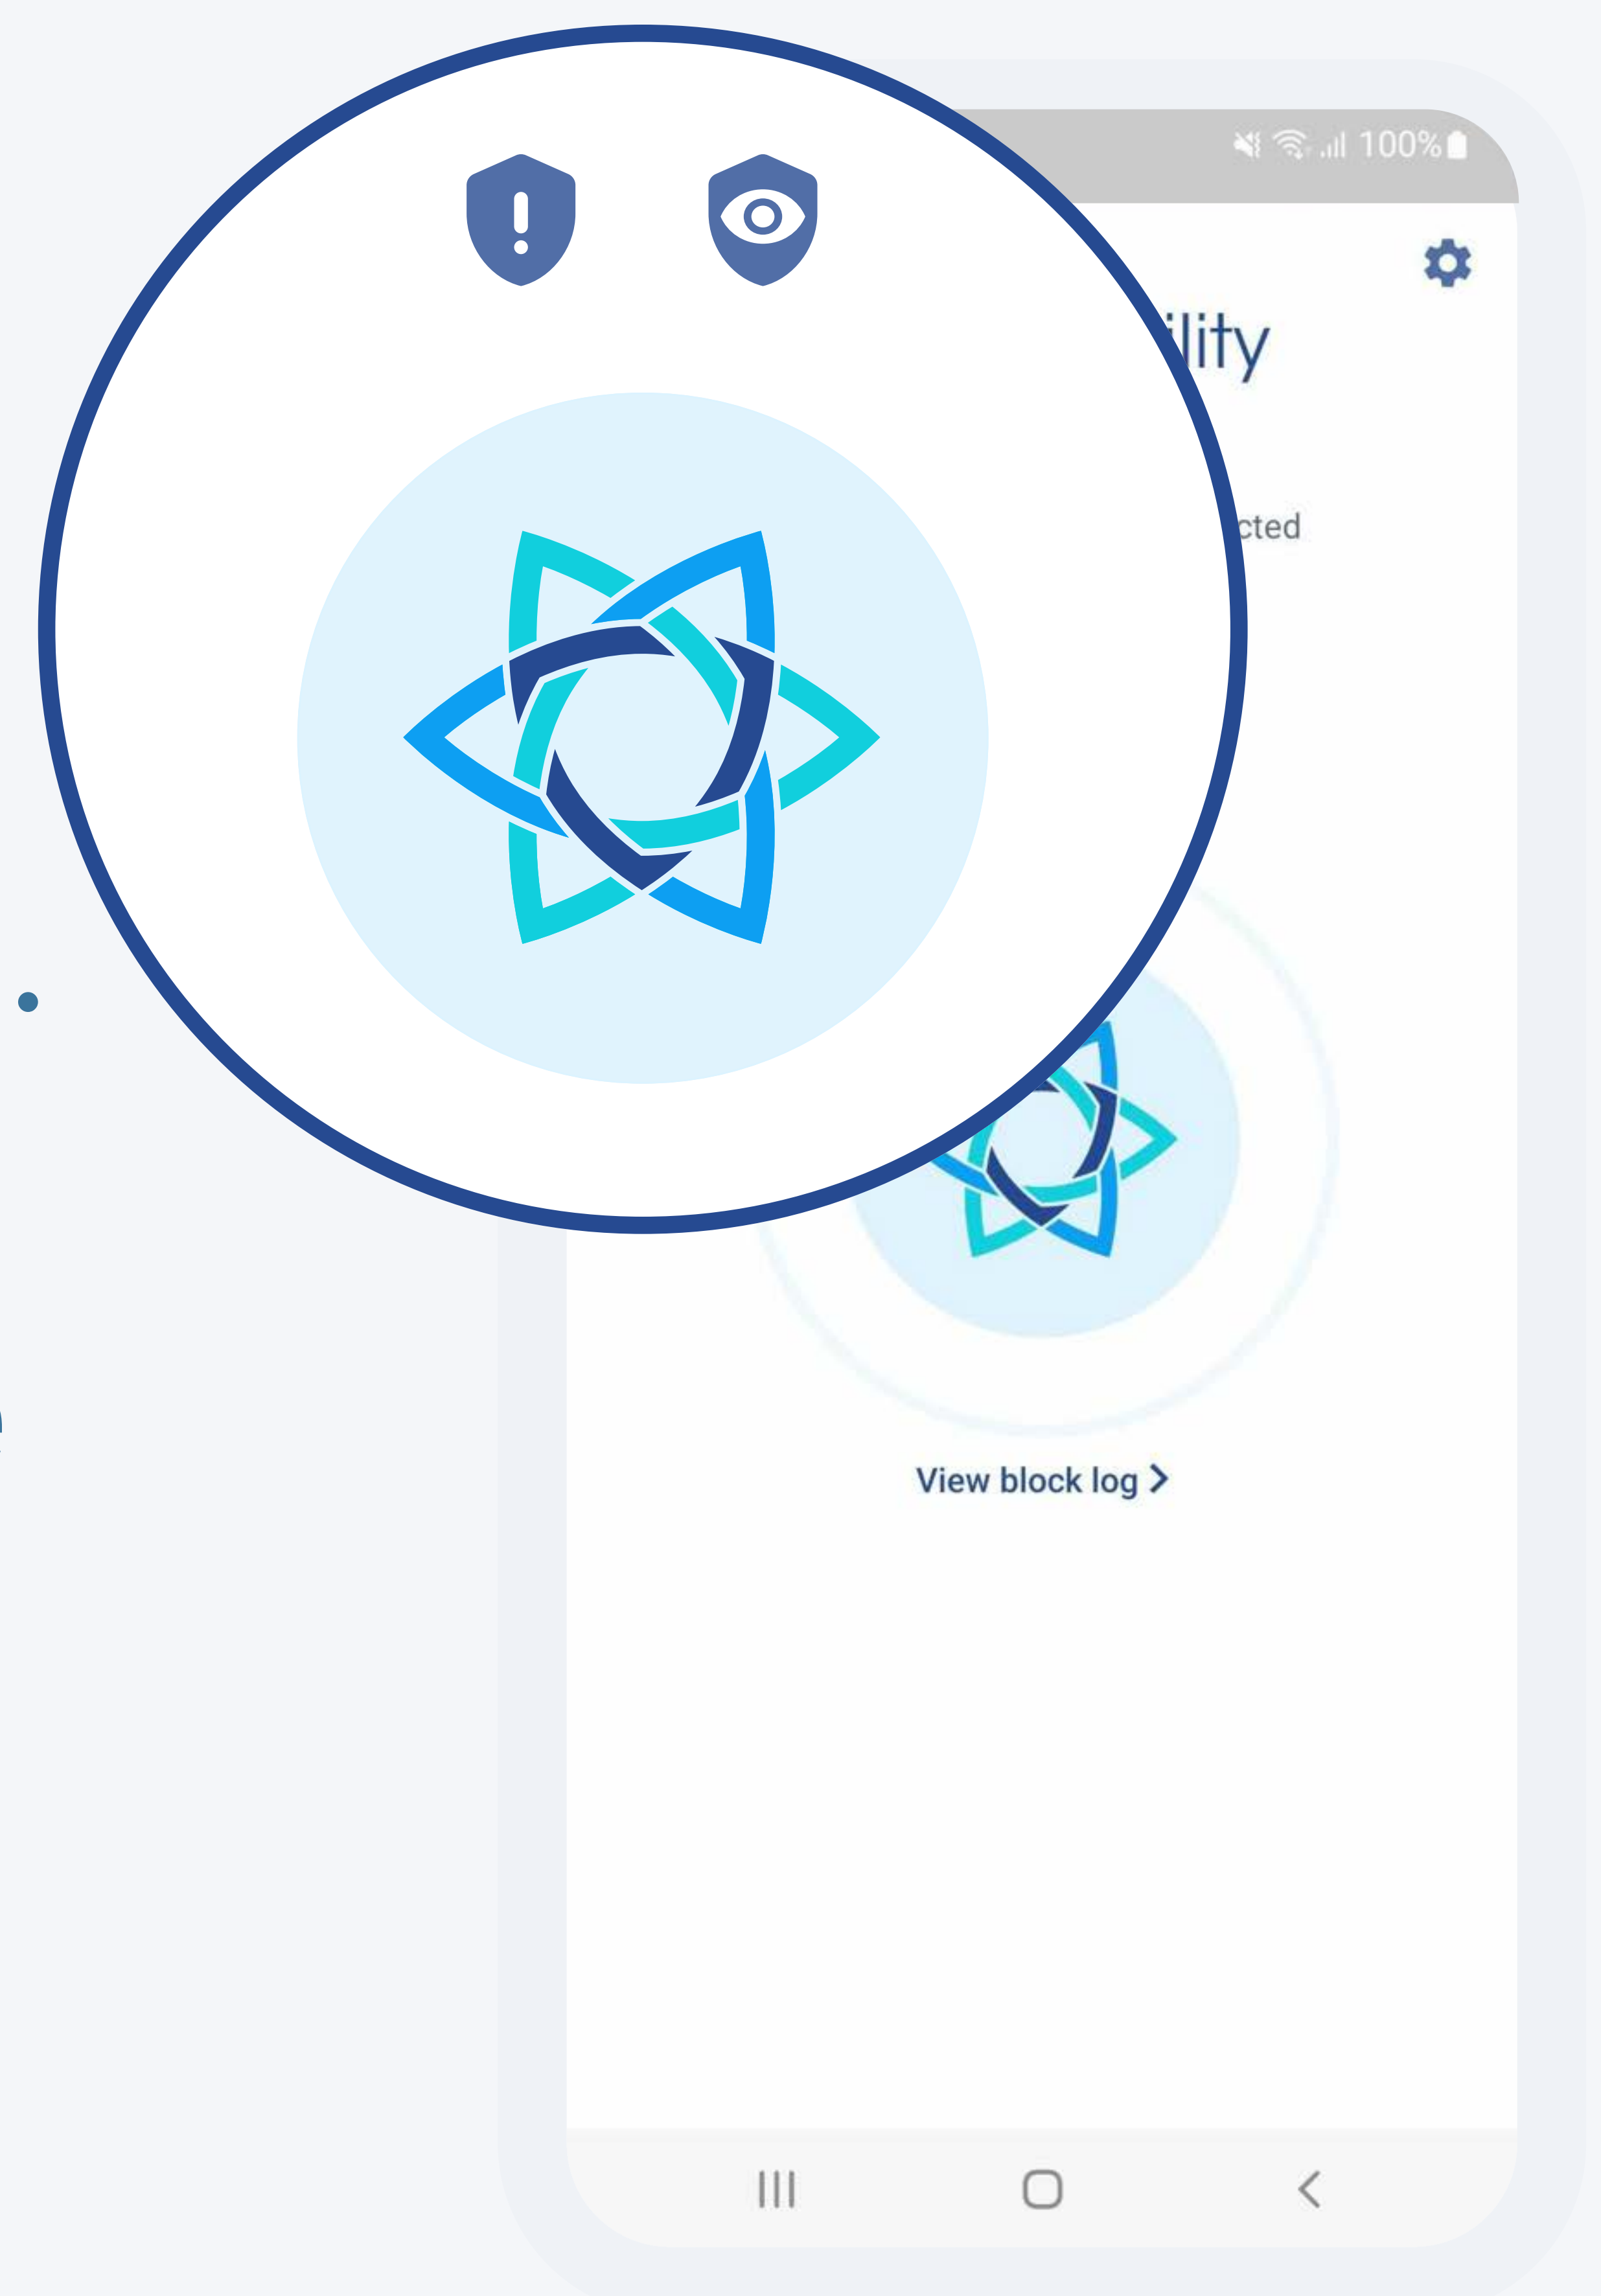

## STEP 3

### 3.2 Activate your plan: **Privacy Shield**

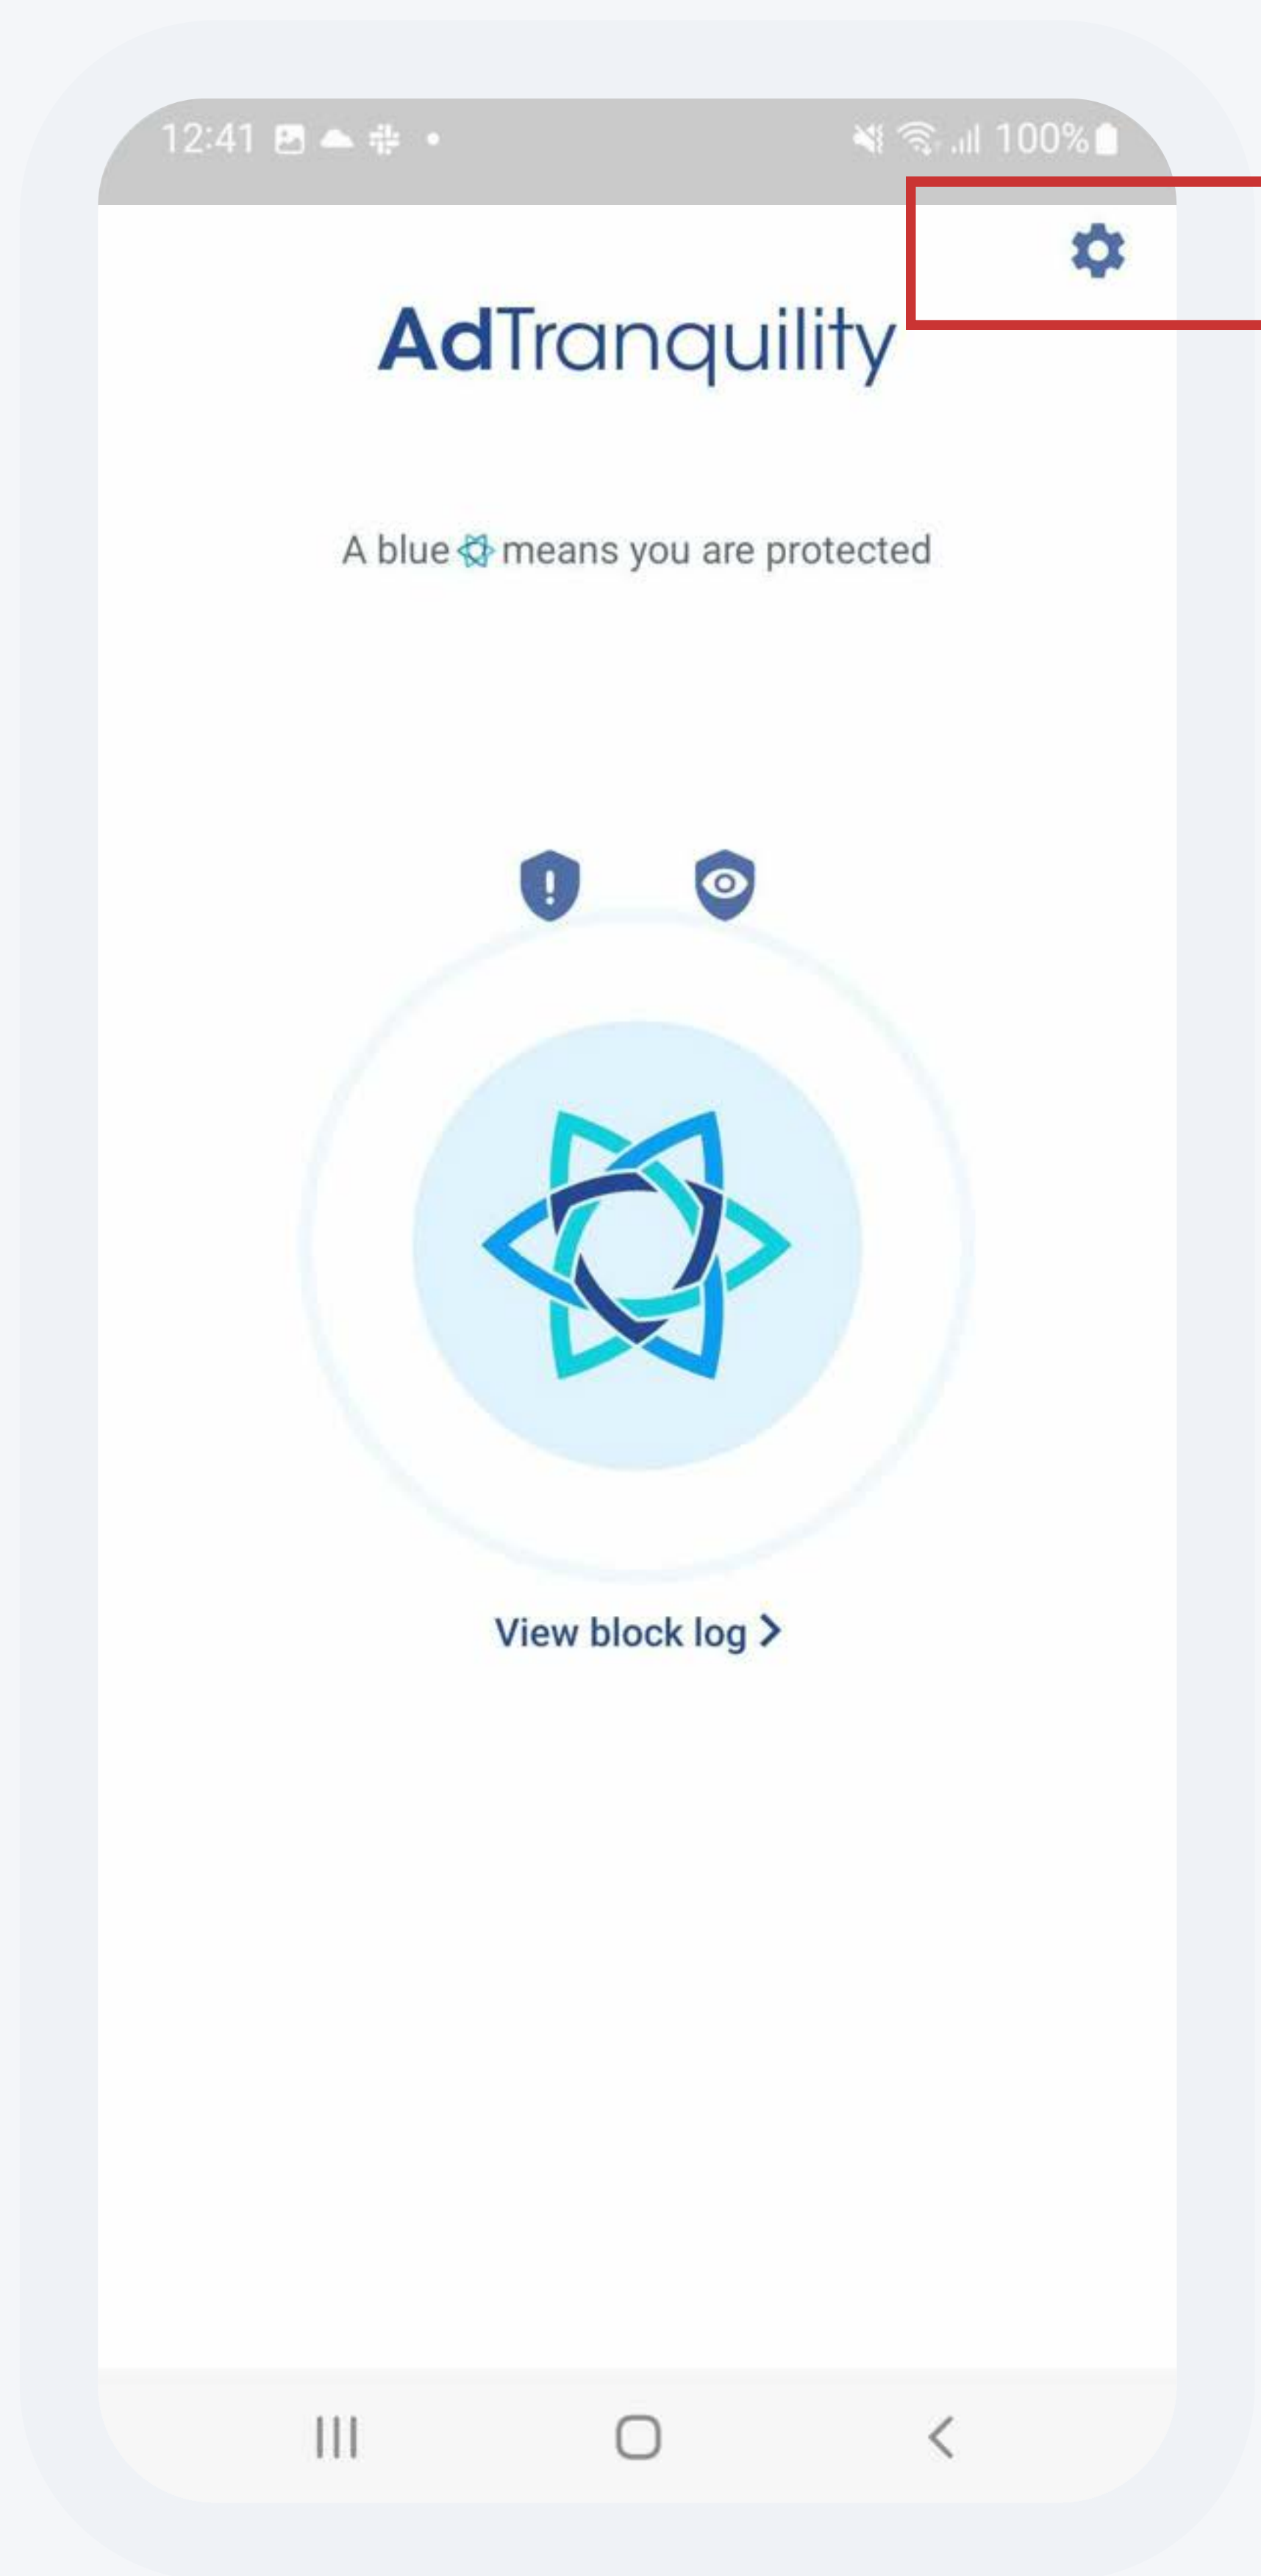

Once you reached the **Main** screen of Adtranquility app, tap **OK** to **activate VPN** connection on your device

A blue [shield icon] means you are **protected**.  
**Blue icons** indicate that **Spam [exclamation mark icon]**  
and **Privacy [shield icon] Shield** features are  
**ON**

# For any issues contact our Customer Support directly from AdTranquility app

Tap the **cogwheel** icon to **open Settings** screen

Once in the **Settings**, tap **Support** button and **Email support**
